### Anecdotes

#### from *The Story of My Life* [Helen Keller](#)

An anecdote is a little story—a brief account of an interesting event or episode. In this section from *The Story of My Life*, Keller gives us three anecdotal episodes so that the reader can understand how her learning progressed and how she began to understand the world around her.

Like other writers, anecdotes have characters and are in prose format. They may also include or imply a setting. They always serve a larger purpose, which is often to reveal character or illustrate a theme.

### ACTIVITY

**Directions** Supply the missing information for each of the following anecdotes. If you cannot identify the precise time when an event occurred, identify it in relation to other events in the selection.
