- immersion reporting, complicated structures, character development, symbolism, voice, a focus on ordinary people ... and accuracy.
- Literary journalists immerse themselves in subjects' worlds...
- Literary journalists work out implicit covenants about accuracy and candor...
- Literary journalists write mostly about routine events.
- Literary journalists develop meaning by building upon the readers' sequential reactions.
- Literary journalists have adhered to the rules of accuracy--or mostly so--precisely because their work cannot be labeled as journalism if details and characters are imaginary.

**Literary Journalism on Trial** Kathy Roberts Forde, 2008 In November 1984 Jeffrey Masson filed a libel suit against writer Janet Malcolm and the New Yorker claiming that Malcolm had intentionally misquoted him in a profile she wrote for the magazine about his former career as a Freud scholar and administrator of the Freud archives Over the next twelve years the case moved up and down the federal judicial ladder at one point reaching the U S Supreme Court as lawyers and judges wrestled with questions about the representation of truth in journalism and by extension the limits of First Amendment protections of free speech Had a successful Freudian scholar actually called himself an intellectual gigolo and the greatest analyst who ever lived Or had a respected writer for the New Yorker knowingly placed false self damning words in her subject s mouth In *Literary Journalism on Trial* Kathy Roberts Forde explores the implications of *Masson v New Yorker* in the context of the history of American journalism She shows how the case represents a watershed moment in a long debate between the advocates of traditional and literary journalism and explains how it reflects a significant intellectual project of the period the postmodern critique of objectivity with its insistence on the instability of language and rejection of unitary truth in human affairs The case Forde argues helped widen the perceived divide between ideas of literary and traditional journalism and forced the resolution of these conflicting conceptions of truth in the constitutional arena of libel

law By embracing traditional journalism's emphasis on fact and objectivity and rejecting a broader understanding of truth the Supreme Court turned away from the First Amendment theory articulated in previous rulings opting to value less the free uninhibited interchange of ideas necessary to democracy and more the trustworthiness of public expression The Court's decision in this case thus had implications that reached beyond the legal realm to the values and norms expressed in the triangular relationship between American democracy First Amendment principles and the press     *Readers' Guide to Periodical Literature* ,1905     *Readers' Guide to Periodical Literature* Anna Lorraine Guthrie,Bertha Tannehill,Neltje Marie Tannehill Shimer,1925 An author subject index to selected general interest periodicals of reference value in libraries
