and Des Freedman

# Misunderstanding The Internet Natalie Fenton

**Martin Conboy, John Steel**

## **Misunderstanding The Internet Natalie Fenton:**

**Misunderstanding the Internet** James Curran, Natalie Fenton, Des Freedman, 2016-02-05 The growth of the internet has been spectacular There are now more than 3 billion internet users across the globe some 40 per cent of the world's population The internet's meteoric rise is a phenomenon of enormous significance for the economic political and social life of contemporary societies However much popular and academic writing about the internet continues to take a celebratory view assuming that the internet's potential will be realised in essentially positive and transformative ways This was especially true in the euphoric moment of the mid 1990s when many commentators wrote about the internet with awe and wonderment While this moment may be over its underlying technocentrism the belief that technology determines outcomes lingers on and with it a failure to understand the internet in its social economic and political contexts **Misunderstanding the Internet** is a short introduction encompassing the history sociology politics and economics of the internet and its impact on society This expanded and updated second edition is a polemical sociologically and historically informed guide to the key claims that have been made about the online world It aims to challenge both popular myths and existing academic orthodoxies that surround the internet

**Confronting the Internet's Dark Side** Raphael Cohen-Almagor, 2015-06-30 Terrorism cyberbullying child pornography hate speech cybercrime along with unprecedented advancements in productivity and engagement the Internet has ushered in a space for violent hateful and antisocial behavior How do we as individuals and as a society protect against dangerous expressions online **Confronting the Internet's Dark Side** is the first book on social responsibility on the Internet It aims to strike a balance between the free speech principle and the responsibilities of the individual corporation state and the international community This book brings a global perspective to the analysis of some of the most troubling uses of the Internet It urges net users ISPs and liberal democracies to weigh freedom and security finding the golden mean between unlimited license and moral responsibility This judgment is necessary to uphold the very liberal democratic values that gave rise to the Internet and that are threatened by an unbridled use of technology

**Google Rules** Joanne Elizabeth Gray, 2020 **Google Rules** traces the rise of Google through its legal commercial and political negotiations over copyright Today Google reigns over an order that features empowered private companies and rapidly changing conditions The book explores Google's accumulation of power over the past two decades and the implications for the public interest

**Irony, Cynicism and the Chinese State** Hans Steinmüller, Susanne Brandtstädter, 2015-11-19 Unprecedented social change in China has intensified the contradictions faced by ordinary people In everyday life people find themselves caught between official and popular discourses encounter radically different representations of China's past and its future and draw on widely diverse moral frameworks This volume explores irony and cynicism as part of the social life of local communities in China and specifically in relation to the contemporary Chinese state It collects ethnographies of irony and cynicism in social action written by a group of anthropologists who specialise in China They use the lenses of irony and cynicism broadly defined to include resignation

resistance humour ambiguity and dialogue to look anew at the social political and moral contradictions faced by Chinese people The various contributions are concerned with both the interpretation of intentions in everyday social action and discourse and the broader theoretical consequences of such interpretations for an understanding of the Chinese state As a study of irony and cynicism in modern China and their implications on the social and political aspects of everyday life this book will be of huge interest to students and scholars of social and cultural anthropology Chinese culture and society and Chinese politics

**Bit Tyrants** Rob Larson,2020-02-04 If the stories they tell about themselves are to be believed all of the tech giants Apple Google Microsoft Facebook and Amazon were built from the ground up through hard work a few good ideas and the entrepreneurial daring to seize an opportunity when it presented itself With searing wit and blistering commentary Bit Tyrants provides an urgent corrective to this froth of board room marketing copy that is so often passed off as analysis For fans of corporate fairy tales there are no shortage of official histories that celebrate the innovative genius of Steve Jobs liberal commentators who fall over themselves to laude Bill Gates s selfless philanthropy or politicians who will tell us to listen to Mark Zuckerberg for advice on how to protect our democracy from foreign influence In this highly unauthorized account of the Big Five s origins Rob Larson sets the record straight and in the process shreds every focus grouped bromide about corporate benevolence he could get his hands on Those readers unwilling to smile and nod as every day we become more dependent on our phones and apps to do our chores our jobs and our socializing can take heart as Larson provides us with maps to all the shallow graves skeleton filled closets and invective laced emails Big Tech left behind on its ascent to power His withering analysis will help readers crack the code of the economic dynamics that allowed these companies to become near monopolies very early on and with a little bit of luck his calls for digital socialism might just inspire a viral movement for online revolution

**The Routledge Companion to British Media History** Martin Conboy,John Steel,2014-09-15 The Routledge Companion to British Media History provides a comprehensive exploration of how different media have evolved within social regional and national contexts The 50 chapters in this volume written by an outstanding team of internationally respected scholars bring together current debates and issues within media history in this era of rapid change and also provide students and researchers with an essential collection of comparable media histories The Routledge Companion to British Media History provides an essential guide to key ideas issues concepts and debates in the field Chapter 40 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 3 0 license <https://www.routledgehandbooks.com/doi/10.4324/9781315756202.ch40>

**Estrategias de comunicacion presidencial en Mexico (1994-2018)** Yolanda Meyenberg,2019 New Media, Old News Natalie Fenton,2009-09-26 Have new communications technologies revitalised the public sphere or become the commercial tool for an increasingly un public undemocratic news media Are changing journalistic practices damaging the nature of news or are new media allowing journalists to do more journalism and to engage the public more effectively With

massive changes in the media environment and its technologies interrogating the nature of news journalism is one of the most urgent tasks we face in defining the public interest today The implications are serious not just for the future of the news but also for the practice of democracy In a thorough empirical investigation of journalistic practices in different news contexts New Media Old News explores how technological economic and social changes have reconfigured news journalism and the consequences of these transformations for a vibrant democracy in our digital age The result is a piercing examination of why understanding news journalism matters now more than ever It is essential reading for students and scholars of journalism and new media

**The Contradictions of Media Power** Des Freedman, 2014-09-25 Media power is a crucial although often taken for granted concept We assume for example that the media are powerful if they were not why would there be so many controversies over the regulation control and impact of communicative institutions and processes Further we assume that this power is somehow problematic audiences are often treated as highly susceptible to media influence and too much power in the hands of one organization or individual is seen as risky and potentially dangerous These concerns have been at the heart of recent controversies involving the relationships between media moguls and political elites the consequences of phone hacking in the UK and the emerging influence of social media as vital gatekeepers Yet it is still not clear what we mean by media power or how effective it is This book evaluates contrasting definitions of media power and looks at the key sites in which power is negotiated concentrated and resisted politically technologically and economically Combining an evaluation of both previous literature and new research the book seeks to establish an understanding of media power which does justice to the complexities and contradictions of the contemporary social world It will be important reading for undergraduates postgraduates researchers and activists alike

Media and Terrorism Des Freedman, Daya Kishan Thussu, 2011-12-19 This is an excellent source which puts students in the heart of the contemporary discussion and encourages them to form opinions It is a great resource for seminars as well as gateways to research Paul Matthews University College Birmingham An excellent text that covers not only how the media cover acts of terrorism but also how terror groups can manipulate the media David Lowe Liverpool John Moores University Have the media contributed to exacerbating the political cultural and religious divides within Western societies and the world at large How can media be deployed to enrich not inhibit dialogue To what extent has the media in all its forms questioned celebrated or simply accepted the unleashing of a war on terror Media and Terrorism Global Perspectives brings together leading scholars to explore how the world's media have influenced and in turn been influenced by terrorism and the war on terror in the aftermath of 9 11 Accessible and user friendly with lively and current case studies it is an essential handbook on the dynamics of war and the media in a global context

**War and the Media** Daya Kishan Thussu, Des Freedman, 2003-06-02 War and the media brings together internationally known contributors It is an essential guide to understanding the institutions and technologies involved in the production and consumption of television news

**After Charlie Hebdo** Gavan

Titley, Des Freedman, Gholam Khiabany, Aurélien Mondon, 2017-12-15 As the world looked on in horror at the Paris terror attacks of January and November 2015 France found itself at the centre of a war that has split across nations and continents The attacks set in motion a steady creep towards ever more repressive state surveillance and have fuelled the resurgence of the far right across Europe and beyond while leaving the left dangerously divided These developments raise profound questions about a number of issues central to contemporary debates including the nature of national identity the limits to freedom of speech and the role of both traditional and social media After Charlie Hebdo brings together an international range of scholars to assess the social and political impact of the Paris attacks in Europe and beyond Cutting through the hysteria that has characterised so much of the initial commentary it seeks to place these events in their wider global context untangling the complex symbolic web woven around Charlie Hebdo to pose the fundamental question how best to combat racism in our supposedly post racial age *Digital, Político, Radical* Mariana Eugenia Gay, Natalie Fenton, 2021-06-29 Las gloriosas promesas de la democracia liberal continúan transformándose en las tortuosas agonías del neoliberalismo donde los mercados libres y la libertad humana son intercambiables La desigualdad ha crecido Los pobres se han vuelto más pobres Los ricos continúan prosperando El desastre ecológico amenaza en el horizonte A medida que los pobres se vuelven más pobres tienen menos influencias en las políticas y en los políticos y votan menos Y la democracia se deshace Durante todo este tiempo la era digital continúa metiéndose bajo nuestra piel y en nuestro flujo sanguíneo pues el estar en línea y siempre más conectados está imbricado en los ritmos y rituales de nuestra vida diaria al mismo tiempo seduciéndonos con deleites de consumo capturando y vendiendo nuestras huellas digitales y posibilitando y empoderando la expansión amplia y extensa de la movilización opositora Natalie Fenton es profesora de Perspectivas Críticas en las Comunicaciones Políticas y de Introducción a la Teoría de los Medios y las Comunicaciones en la Goldsmiths University of London Es co-directora del Media Research Centre y del Centre for the Study of Global Media and Democracy Además del presente libro es autora de *New Media Old News Journalism and Democracy in the Digital Age* *Mediating Social Science* junto con Alan Bryman *Misunderstanding the Internet Communication and Society* junto con James Curran y numerosos artículos en diferentes revistas internacionales EDITORIAL PROMETEO ARGENTINA Este libro contiene el desarrollo de los siguientes temas Agradecimientos 11 1 Introducci3n sembrando la semilla del disenso 13 2 Activismo digital un nuevo medio y un nuevo significado de ser político 39 3 Medios digitales política radical y esferas contrapúblicas 69 4 Pasión y política política radical y sujetos mediados 101 5 Política radical y forma organizacional en la teoría y la práctica 125 6 Sobre el ser político y la política del ser 153 7 Conclusión poner a la política de nuevo en escena 187 Referencias 207 Con este libro usted podrá conocer a fondo una serie de reflexiones que buscan aclarar y dar solución a preguntas de innegable urgencia actual como por ejemplo cómo podemos comenzar a dar sentido al posible significado de una política progresista radical cómo se forma y cómo se materializa una política de emancipación cómo se forjan se moderan y se encauzan los valores políticos progresistas comunes en prácticas
