## **Jesus In Disneyland Religion In Postmodern Times:**

**Jesus in Disneyland** David Lyon, 2013-05-28 In this lively and accessible study David Lyon explores the relationship between religion and postmodernity through the central metaphor of Jesus in Disneyland *Art Theory for a Global Pluralistic Age* Steven Félix-Jäger, 2019-12-02 This book extends a theory of art that addresses the present era's shift towards global pluralism. By focusing on extrinsic rather than intrinsic qualities of art, this book helps viewers evaluate art across cultural boundaries. Art can be universally classified by an evaluation of its guiding narrative and can be understood and judged through hermeneutical methods. Since artists engage culture through various local, transnational, and emerging global narratives, it is difficult to decipher what standards are used for evaluation and which authoritative body evaluates the work. This book implements a narrative hermeneutical approach to properly classify an artwork and establish its meaning and value.

**American Dharma** Ann Gleig, 2019-01-01 This illuminating account of contemporary American Buddhism shows the remarkable ways the tradition has changed over the past generation. The past couple of decades have witnessed Buddhist communities both continuing the modernization of Buddhism and questioning some of its limitations. In this fascinating portrait of a rapidly changing religious landscape, Ann Gleig illuminates the aspirations and struggles of younger North American Buddhists during a period she identifies as a distinct stage in the assimilation of Buddhism to the West. She observes both the emergence of new innovative forms of deinstitutionalized Buddhism that blur the boundaries between the religious and secular and a revalorization of traditional elements of Buddhism such as ethics and community that were discarded in the modernization process. Based on extensive ethnographic and textual research, the book ranges from mindfulness debates in the Vipassana network to the sex scandals in American Zen while exploring issues around racial diversity and social justice, the impact of new technologies, and generational differences between baby boomer, Gen X, and millennial teachers.

Beyond Evangelicalism Steven Knowles, 2016-12-05 A prolific author and thinker, Stanley J. Grenz was a respected and influential figure not only within evangelicalism but in the wider theological world. Amongst the many issues tackled by him, it is perhaps his revisioning of evangelical theology in the light of the postmodern challenge that has caused the biggest stir in the theological world. Advocating a nonfoundationalist methodology, Grenz attempts to reposition evangelical theology in line with postmodern concerns. This work examines the main traits of postmodern thought that would seem to directly challenge how evangelical theology is traditionally done. An examination of the seminal influences on Grenz will be traced in order to understand more fully the position he takes. A rigorous critique and assessment of his theological methodology will follow, with the conclusion that his work goes beyond evangelicalism. This will be the first book-length treatment on Grenz's work on theological methodology and therefore will break new ground in this important area of study.

Shopping Malls and Other Sacred Spaces Jon Pahl, 2008-12-29 Christian historian Sidney Mead has observed that in America, space has played the part that time has played in older cultures of the world. In *Shopping Malls and Other Sacred Spaces*, Jon

Pahl examines this provocative statement in conversation with what he calls the spatial character of American theology. He argues that places are always imaginatively constructed by the human beings who inhabit them. Sometimes this spatial theology works to our benefit; other times it poses spiritual risks. What happens when our banal clothing of the sacred violates our genuine need for comfort and intimacy? Or when we remember that the fleeting pleasures of a shopping trip or a Disneyland escape are designed to fill someone else's pocket rather than the spiritual emptiness in our own hearts? Pahl develops several ways to clothe the divine from within the Christian tradition. He introduces a theology of place that reveals aspects of God's character through biblical metaphors drawn from physical spaces such as the true vine, the rock, and the living water. Accessible and thought provoking, this enlightening book provides a better grasp of our particularly American way of lending religious significance to spaces of all kinds.

**Sociology** Daniel Nehring, Ken Plummer, 2014-04-30 This groundbreaking new introduction to sociology is an innovative hybrid textbook and reader. Combining seminal scholarly works, contextual narrative, and in-text didactic materials, it presents a rich, layered, and comprehensive introduction to the discipline. Its unique approach will help inspire a creative, critical, and analytically sophisticated sociological imagination, making sense of society and the many small and large problems it poses.

**Enjoying Religion** Frans Jespers, Paul van der Velde, Karin van Nieuwkerk, 2018-08-15 Enjoying religion seems to be a contradiction because religion is generally perceived as a serious or even suppressive phenomenon. This volume is the first to study the increase of enjoying religion systematically by presenting eleven new case studies occurring on four continents. The volume concludes that in our late modern secular societies, the enjoyment of religion or of its loose elements is growing. In particular, when scholars concentrate on lived religion of ordinary people, the cheerful experiences appear to prevail. Many people use pleasant elements of religion to add meaning to their lives, to find spiritual fulfillment or a way to salvation, and to experience belonging to a larger unity. At the same time, diverse cultural dynamics of late modern society, such as popular culture, commercialization, re-enchantment, and feminization, influence this trend of enjoying religion. In spite of secularization, playing with religion appears to be attractive.
