assassinations of Marilyn Monroe JFK and RFK the people and events surrounding those murders and their impact on American history New first hand evidence will be disclosed from a CIA scientist who worked in an assassinations laboratory in Upstate New York as well as the man who fired the fatal headshot that killed President Kennedy Misplaced Loyalties is the result of five years of research and interviews of numerous interested parties including a former CIA scientist who had two weeks prior knowledge of the JFK assassination in Dallas He was also told two weeks after the fact how Marilyn Monroe was murdered with plausible deniability of a suicide Also included is new information about the man who fired the fatal headshot from the grassy knoll that killed President Kennedy in Dallas and a college intern who observed the celebratory mood on Air Force One as it returned from Love Field to Andrews AFB in Washington D C Using the fictional character of Henry Atherton an investigative reporter the author weaves together the new and existing facts to fill in many of the blanks that have been missing from these crimes and sheds light on the probable truth as it relates to what has been portrayed in history books The unique format enables the author to give the reader a full understanding of not only what happened in each of these cases but who was involved and their motives He shows how one of the most telling circumstances in each of these murders is the absence of evidence Reading Misplaced Loyalties leaves the reader feeling that what happened in the 1960s is not only relevant today but current events indicate that history is repeating itself President John F. LBJ: The Mastermind of the JFK Assassination Phillip F. Nelson,2011-11-22 Over the years since John F Kennedy was assassinated many alternate scenarios have been put forward to challenge the official Lee Harvey Oswald as lone gunman story Nelson reviews a massive amount of secondary sources to support his own hypothesis that the mastermind behind the assassination was then VP Lyndon Johnson LBJ's position as Kennedy's successor and narcissistic sociopathic personality combined with his fear of a Kennedy plan to remove him from the upcoming 1964 ticket form the basis of Nelson's conjecture He dismisses the Warren Commission review of the evidence as a cover up stating that it has become more and more apparent that much of the evidence originally put forward was invented or modified Nelson admits his position is speculative and amalgamates elements of previously offered conspiracy scenarios but despite his attention to troubling loose ends in the official report his effort to point the finger at President Johnson remains tendentious c Copyright PWxyz LLC All rights reserved
