3 Installation and placement of the litter box

Place the litter box on a flat surface, with no other objects around or on top.

Align the connection-plate
against the screen and the fixed
stopperplate on both sides,
and press firmly after
alignment.

When installing the door frame, align the lower side of the door frame with the body, and press both sides of the strap to install in place. If the door frame is not installed correctly, the machine will keep beeping.

the law firm may not let the stock
be added to the portfolio.

When placing the cat litter box, keep the floor clean/level, not against the wall all around, and do not stack items around and on top of the machine. Irregular placement will affect the accuracy of the weight sensor and trigger the cat protection mode.
