Little Gold Star Guide:

The Map of Me ,2008-11-27 In today s Britain thousands of people have parents from different cultural backgrounds In February 2008 we asked for people from any background to send us true stories which illuminate the complexities challenges and joys of having a mixed heritage those defining moments which seem to say it all Then we asked six judges including the novelist Kate Mosse and Shami Chakrabati from Liberty to choose the best most searching accounts to be included in this anthology The resulting stories are as varied and colourful as they are true honest and moving but through all of them runs a universal theme the desire to know and understand our own identity and to forge a sense of self that surpasses the complex layers of places parents and the past Wings and Tales Jennifer L. Kroll,2011-02-03 Parents and teachers can use this book to engage children with the world outside by opening their eyes to fascinating common bird species Once upon a time common bird species all had well known stories associated with them Legends and folklore about birds abound in almost every culture It s likely their ability to fly their beauty and grace their distinctive and puzzling calls and the fact that they live all around us is what makes them popular subjects for fables This book presents a sampling of traditional bird tales retold in a fresh way that makes them especially relevant and memorable for today s children Each story is complemented by a Feathered Fact File a Backyard Bird Watching Tip for kids a classroom home school activity suggestion and a story sharing suggestion for parents and teachers The teaching activities are designed with flexibility so that they may be used to either introduce new concepts of science and math or reinforce familiar concepts in a hands on fashion Reading selections are written at third to fourth grade reading levels but are designed to engage both younger listeners and older readers
