Public Health Promotion and Medical Education Reform, volume III Jian Chen,Xiaoyun Zeng,Zhiyong Zhang,Yasusei Kudo ,Trine Fink,2025-11-18 This Research Topic is part of the series of Public Health Promotion and Medical Education Reform Public Health Promotion and Medical Education Reform Volume I Public Health Promotion and Medical Education Reform Volume II All over the world more than 80% of medical service and public health education are conducted by graduates from local regional medical schools Therefore these schools are facing the pressing demand for better health services principally due to population growth and greater public health awareness However the traditional medical education is failing to cope with these challenges largely because of didactic teaching methods fragmented curricula and passive learning which cannot train our students to become self directed lifelong learners and qualified healthcare workers We are also very aware that simply expanding the class size of medical schools and opening new medical schools cannot meet this demand The medical school educators thus implement a series of reform across every aspect of the medical education e g teaching content style and methodology which has been gradually deepened in many majors such as medicine nursing pharmacy and public health Otherwise the outbreak of 2019 novel coronavirus emphasizes the vital interplay of public health and medical education disciplines promoting the integration of public health content into medical education That is the better healthcare workers for the future should be responsible for not only disease diagnosis and treatment but also health promotion and disease prevention The COVID 19 pandemic reveals the urgent need for healthcare services worldwide that is outstripping the pace of healthcare workforce growth underlining the necessity of a paradigm shift in medical education Therefore the aim of the Research Topic is to provide a comprehensive overview of current reform attempts in education for healthcare workers mainly but not exclusively focusing on the high quality research studies carried out in local regional medical schools In addition it is being wildly accepted that disease prevention and health promotion may be more effective in improving the health status of a population We thus greatly encourage contributions providing innovative methods and assessment of incorporation of core public health into the medical curricula Both ongoing and completed original research work is welcome

Consequently areas to be covered in this Research Topic may include but are not limited to Situation and trends of public health research practice and policy Development and evaluation of public health education National and international medical education reform to produce well trained students and workers undergraduates and postgraduates local regional medical schools Implementation and evaluation of integrating public health content in the medical curricula *Le Canada* Donald J. Savoie, 2023-05-15 La structure politique du Canada va l'encontre de la géographie économique de l'Amérique du Nord et de l'attraction économique entre le nord et le sud Le Canada a importé des institutions politico-administratives conçues pour un état unitaire et depuis la fondation du pays ses leaders politiques se sont débattus pour qu'elles fonctionnent Pour cette raison plusieurs Canadiens et leurs communautés et leurs régions se perçoivent comme des victimes et ce à un degré plus élevé que chez d'autres groupes dans des démocraties occidentales Notre gouvernement fédéral a dû montrer un plus grand empressement à s'excuser pour des injustices que les autres pays occidentaux Le Canada est globalement plus performant que d'autres nations dans l'aide qu'il apporte aux victimes pour qu'elles fassent la transition les menant participer pleinement à la vie politique et économique du pays Donald Savoie soutient que le Canada continue prospérer malgré les nombreux défauts de ses institutions politiques nationales et le penchant qu'ont les Canadiens de se voir comme des victimes et que notre histoire et ces défauts nous ont appris l'art du compromis La constitution du Canada et ses institutions politiques amplifient plus qu'elles n'atténuent la victimisation cependant elles ont globalement permis aux Canadiens de mieux gérer cet enjeu que dans d'autres pays Les Canadiens reconnaissent aussi que l'alternative au Canada est pire et cela plus que tout autre chose continue renforcer l'unité nationale Puisant dans sa longue expérience dans le monde universitaire et en tant que conseiller auprès des gouvernements Savoie propose de nouvelles manières de voir comment le Canada travaille pour sa population

Validity of Educational Assessments in Chile and Latin America Jorge Manzi, María Rosa García, Sandy Taut, 2021-09-11 This edited volume presents a systematic analysis of conceptual methodological and applied aspects related to the validation of educational tests used in Latin American countries Inspired by international standards on educational measurement and evaluation this book illustrates efforts that have been made in several countries to validate different types of educational assessments including student learning assessments measurements of non-cognitive aspects in students teacher evaluations and tests for certification and selection It gathers the experience of validity studies from the main international assessments in Latin America PISA TIMSS ERCE and ICCS Additionally it shows the challenges that must be taken into account when evaluations are used to compare countries groups or trends of achievement over time The book builds on the premise that measurements in the educational field should not be used if there are no studies that support the validity of the interpretation of their scores or the use made of such tests It shows that despite the recognition given to validity relatively few educational measurement assessments have accumulated enough evidence to support their interpretation and use In doing so this volume increases awareness about the relevance of validity especially when
