 - 1.4 This Contract may be amended only in writing, such amendment having been signed by an authorized representative of each Party or as set forth in Paragraph 1.5 hereof.
 - 1.5 CUSTOMER agrees that GDS may deliver to CUSTOMER any Quote for Services and/or Products by hand delivery, by the U.S. mail, or by email, fax or any other electronic method. CUSTOMER shall be bound by and deemed to have accepted all terms and conditions of the Quote (1) as of the time CUSTOMER signs the Quote, or (2) whether or not CUSTOMER signs the Quote, as soon as CUSTOMER requests and GDS commences the performance of the Services or the provision of the Products pursuant thereto, whichever occurs first.

Service Contracts in the Oil and Gas Industry Eduardo G. Pereira, Reg Fowler, Nima Nasrollahi Shahri, Rafael Baleroni, 2024-02-27 This book is written and edited by experts and academics already active in the oil and gas industry and addresses students and practitioners alike It aims to familiarize them with salient features of oil and gas service contracts The book provides a concise description and to a lesser extent analysis of the main features of service contracts of the types commonly used in the oil and gas industry Writers and editors come from different legal traditions and practice in different jurisdictions including UK Iran Brazil and Mexico Service contracts are as broad as their name suggests comprising a wide array of contracts However a clear distinction exists between contracts where one party to the contract is a sovereign state or neither is This has been the basis for organizing the present book in two parts *Knock-for-Knock Indemnities and the Law* Kristoffer Svendsen, Endre Stavang, Greg Gordon, 2023-03-15 This book examines contractual limitation principles and practice through the use of knock for knock indemnity clauses In using such clauses the parties agree that for certain forms of potential liability typically property damage personal injury to employees and sometimes other heads of claim such as consequential loss any loss arising will be absorbed by the party who suffers it you look after your losses I ll look after mine It is an apparently simple pragmatic and neat solution to the question of who bears liability a risk allocation model so straightforward that it was described by one experienced English judge Honorable Mr Justice Morison as crude A specialist contributor team of international experts examine the origin application and effect of these clauses in important jurisdictions their impact in different industries such as oil gas shipping construction and insurance through the lenses of both economic and legal analyses The book is of use for lawyers economists and businesspeople who draft negotiates or manage contracts in all industries where liability is dealt with in this way It is also of interest to students academics and policy makers *Oil and Gas Exploration and Production* Denis Babusiaux, 2007 The steps that lead to the production of oil and gas are diverse complex and costly They are diverse because the detection of oil and gas involves input from many specialties ranging from geology to reservoir engineering They are complex as shown by the development of the job of the petroleum architect who coordinates all the operations They are costly as the investments for exploration and production represent more than half of all investments in the oil and gas sector Moreover exploration is a risky activity both from the technical and financial viewpoint only one well in five produces marketable oil Meanwhile the areas for exploration and production are spread throughout the world **LOCAL CONTENT UNVEILED** Rotimi Olagbaye, 2024-07-24 Local Content Unlocking the Potential for Sustainable Development in Developing Nations Developing nations are richly endowed with natural resources cultural heritage and untapped potential However they struggle with inadequate basic amenities unemployment and uneven development Despite decades of foreign exploitation and exploration local populations have not fully benefited from their resources This book Local Content Unveiled aims to bridge this gap by providing a comprehensive exploration of local

content principles insightful case studies and real world examples It seeks to equip government officials policymakers professionals students and stakeholders with the knowledge to harness local content effectively By embracing local content principles developing nations can Maximize economic benefits from natural resources Develop in country capacities and skills Foster sustainable development and GDP growth Create jobs and stimulate local economies Improve social amenities and infrastructure This book serves as a beacon guiding stakeholders towards a more holistic and inclusive approach to development empowering local economies and unlocking the transformative power of local content
