Closing the Writing Gap Alex Quigley, 2022-05-16 This book explains seven critical steps to improve children's writing. Though seemingly natural, writing proves devilishly difficult for far too many school pupils, and closing this gap can have a lasting impact on their academic and life success. With the goal of giving every teacher the knowledge and skill to teach writing with confidence, it makes sense of the history and science of writing, synthesising the debates and presenting a wealth of usable evidence about how children develop most efficiently as successful writers. It trains teachers to be an expert in how pupils learn to write from the big picture of planning, editing, and revising your writing to the vital importance of grammar and spelling with accuracy. Highly practical strategies and easy-to-use classroom activities are included to help teachers seize opportunities across the curriculum every school day to teach the critical writing process. *Closing the Writing Gap* will guide teachers at every stage of their career and when used with Alex Quigley's much-loved books on Vocabulary and Reading gives school leaders evidence-based approaches to literacy that can be applied across a school or a group of schools. *The Times Index*, 2008 Indexes the Times and its supplements. **Parliamentary Debates (Hansard)**.
