

SR7002

THX SELECT2 SURROUND SOUND A/V RECEIVER

Performance addicted? Just call this Marantz your enabler. With THX Select2 certification and 110 watts of continuous power per channel (yes, 110 watts from each of its seven current-feedback amplifiers), the SR7002 opens up the home entertainment horizon for the most demanding yet cost-conscious customers out there.

Let's look at video capabilities first. You can connect up to four HDMI-equipped sources to the SR7002. Direct the one you want to your display and to the SR7002's built-in surround sound processor. Unlike earlier HDMI connections, these handle multi-channel sound with ease. Still enjoying non-HDMI sources? Rest easy. The SR7002 comes complete with format conversion lets you watch older videos through the super convenient HDMI format. And there's a Second Zone audio/video output, too, so you can enjoy your entertainment throughout your entire home. You'll also find Dolby Virtual Speaker so you can enjoy an immersive surround experience with the dialog clarity inherent in a discrete center channel configuration with just two speakers!

And, speaking of clarity, the SR7002 features Audyssey's remarkable Auto Calibration that examines your entire room to corrects for the acoustical problems that sometimes make those other seats (and you know which ones we mean, don't you?) just as rewarding as the ones directly in front of your display device's screen. Of course, there's an infrared input and two DC trigger outputs so you can coordinate your entire system for convenient remote operation.

You won't have any problem fitting all this capability into your home either. We've housed the SR7002 in a new, compact chassis that will fit more easily into even the tightest spaces. But be sure you leave enough room for the SR7002 to breathe, OK? After all, killing a Marantz (besides being almost impossible to do) is an entertainment felony of the first order. But don't worry. Our three year warranty is very forgiving.
