Chicago Schools Journal ,1919      **March 14, 16, 18, 21-23, 25, 26, 30, April 4, 6, 1949. 354 p** United States.  
Congress. Senate. Committee on Post Office and Civil Service,1949      Illinois Schools Journal ,1920      **Report of the  
Department of Education for the Year Ended March 31 ...** New Zealand. Dept. of Education,1905      A University  
Education David Willetts,2017-11-17 Universities have a crucial role in the modern world In England entrance to universities  
is by nation wide competition which means English universities have an exceptional influence on schools a striking theme of  
the book This important book first investigates the university as an institution and then tracks the individual on their journey  
to and through university In A University Education David Willetts presents a compelling case for the ongoing importance of  
the university both as one of the great institutions of modern society and as a transformational experience for the individual  
The book also makes illuminating comparisons with higher education in other countries especially the US and Germany  
Drawing on his experience as UK Minister for Universities and Science from 2010 to 2014 the author offers a powerful  
account of the value of higher education and the case for more expansion He covers controversial issues in which he was  
involved from access for disadvantaged students to the introduction of 9 000 fees The final section addresses some of the big  
questions for the future such as the the relationship between universities and business especially in promoting innovation He  
argues that the two great contemporary trends of globalisation and technological innovation will both change the university  
significantly This is an authoritative account of English universities setting them for the first time in their new legal and  
regulatory framework      **Atlantic Educational Journal** ,1907      Parliamentary Papers Great Britain. Parliament. House
