Minority Businesses' Use of Internet Technology Waldo Lopez-Aqueres,2001 **B2B Content Marketing and Buyer Stage. How to Engage Website Visitors with Appropriate Content** Kim-Cheyenne Greiner,2020-10-26 Master's Thesis from the year 2018 in the subject Business economics Offline Marketing and Online Marketing grade 1 2 Zurich University of Applied Sciences language English abstract This Master's thesis explores whether there are content stimuli that are best suited to a specific stage of the customers buying cycle In other words is there a connection between the engagement of website visitors and their current stage within the buying cycle To study this relationship an external webpage of IBM and its sub pages are used to analyze webpage visitors click and scroll behavior and to assess their interest in the presented content assets The exploratory investigation was undertaken based on three online surveys with a total sample of 234 participants The age of classical advertising is over The introduction of digital technology and the spread of the Internet have led to radical changes in the way companies meet the expectations and interests of their stakeholders In digital communication content marketing plays a major role in achieving business benefits In fact valuable B2B content marketing initiatives can drive website traffic customer engagement and inbound leads which yield sales and retain customers In the context of this digital environment companies increasingly aim to provide relevant engaging content assets to acquire new leads and create business benefits This raises the following question What digital content assets encourage website visitor engagement and how does this relate to customer progress in the B2B buying cycle According to the literature content that is consistent timely and contains exclusivity messages that matter to the target audience lead to engagement However engagement is obviously dependent on individual customer needs motives and goals It should therefore be interesting for companies to know how to turn their website visits into engaged visits but research on engagement combined with content marketing is scarce especially in the B2B context

International Search Engine Marketing with YouTube Videos Frank Wilkens,2014-05-15 Research Paper undergraduate from the year 2012 in the subject Communications Public Relations Advertising Marketing Social Media grade 1 0 University of Applied Sciences

Bremerhaven language English abstract Hardly any online advertising effort becomes as important for entrepreneurship accomplishments as Search Engine Marketing That s surprising marginally because Search Engines are the single point of contact for customer investigation and information On that score SEM is one of the most important tools to generate specifically leads By the side of all online marketing measures for example keyword advertising SEO or SEA the international SEM with YouTube videos is first and foremost the fastest growing and by far promising opportunity to establish qualified leads In addition country specific advertising messages are completed with corresponding keywords and well placed with YouTube videos in local Search Engines to achieve qualified groups of customers who are in search of new products or services Marketing specialists analyze and advance the achieved results simultaneously and adjust their marketing strategies immediately As a consequence there is a better cost planning target groups are scaled more precisely and the cost benefit ratio is a sight better for both B2B and B2C The obvious questions are what business motivations give evidence of a fruitful cooperation at the hands of international SEM and YouTube videos Which contents and keywords convert YouTube videos into a guarantee for success and which are critically for a profitable SEM And after all which customer is searching where for what and why These and further questions will be examined and clarified over the course of the next following sites
