 Macé,2003 G rard Mac s work challenges the barriers between poetry and the essay This play between and within genres is
 essential to his writing which has been called essay merveilleux and derives from a questioning of language in its broadest
 sense He is equally interested in the seductive musicality of words and in the remembered gestures which traced the
 hieroglyphs of Egypt and the calligraphic writing of the Far East His fascination with dictionaries grammars and glossaries
 leads him off on journeys in which the real and the imaginary are fused but without being confused He slips between words

 three series of prose poems *Le Jardin des langues* 1974 *Le balcon de Babel* 1977 and *Bois dormant* 1983 Other books by Mac
 have as their subject literary figures such as Rimbaud Corbi re Nerval and Champollion while *Rome et le firmament* and *Le*
on de chinois evoke places heavily charged with culture and history Mac s other books include *Vies ant rieures* 1991 which
 takes up the relationship between memory and writing in the form of *Lives* as in the *Lives of saints or illustrious men* and *La*
