Love And Death On Public Radio:

A Conspiracy to Love River Smith, 2013-02 Do you want more love in your life More respect More joy Are you willing to challenge your pessimistic self talk Are you ready for a journey into your heart that will bring you dynamic loving and transformative power From the wisdom of Ben Franklin Alice Walker Don Henley Ludwig Von Wittgenstein Leo Buscaglia and Michael Franti to the hope of bell hooks Riane Eisler Abraham Maslow Ivanlya Vansant Buckminster Fuller and a score of other artists and thinkers River Smith creates a clear path for readers to follow to bring more power more love and more joy into our lives In this revised edition of his inspirational self help book with a social conscience Dr Smith a psychologist and social justice educator opens the way for readers to transform not just ourselves but our families our communities and the world *Disintegration: Bad Love, Collective Suicide, and the Idols of Imperial Twilight* Mark P. Worrell, 2020-02-17

Together again for the first time Marx and Durkheim join forces in the pages of *Disintegration Bad Love Collective Suicide and the Idols of Imperial Twilight* for a dialectical exploration of the moral economy of neoliberalism animated as it is not only by the capitalist chase for surplus value but also by an immortal vortex of sacred powers Classical sociology and psychoanalysis are reconstituted within Hegelian social ontology and dialectical method that differentiates between the ephemeral and free and the eternal and fixed aspects of modern life **For the Love of All Creatures** William

Greenway, 2015-09-21 Fresh biblical take on a transcending divine grace that embraces all of God's creatures This broad ranging groundbreaking book by William Greenway unfolds a biblical spirituality centering on love for all creation and all creatures Greenway rereads the creation and flood narratives in Genesis from an overtly creature loving perspective that not only inspires care for creation but also reveals sophisticated understandings of faith grace and evil vital for twenty first century spirituality Comparing the ancient Israelite cosmology of Genesis both with the ancient Babylonian cosmology of the *Enuma Elish* and with the modern Darwinian cosmology of Thomas Hobbes's *Leviathan* Greenway shows how the Bible in Genesis extends far beyond those other cosmologies in its discernment of the transcending gracious love of God Standing at the intersection of animal rights green biblical studies and philosophical theology Greenway's *For the Love of All Creatures* will interest and inform a wide range of readers **Educational Communications Board** Wisconsin.
