Educación y salud en grupos vulnerables Verónica Caballero Cala, Rosa María Zapata Boluda, 2019-03-11. El libro Educación y salud en grupos vulnerables nace del interés de profesionales e investigadores de la salud y la educación por radiografiar la situación de los principales grupos vulnerables en materia educativa y sanitaria permitiendo a través de esa interacción conectar espacios de pensamiento y actuación en torno a las urgencias sociales del momento. Esta cartografía de la vulnerabilidad en los ámbitos socioeducativo y sanitario es especialmente acuciante en un contexto marcado por la crisis social económica y migratorias como por los procesos de precarización a los que asisten los sectores menos privilegiados. La velocidad a la que se producen los cambios sociales y culturales en un mundo globalizado requiere de análisis y estrategias adaptación certeras. En ese sentido el manual ofrece una compilación de aportaciones que buscan facilitar la actualización de las y los profesionales.
