Armed Conflict, Women and Climate Change Jody M. Prescott, 2018-11-21 The gender differentiated and more severe impacts of armed conflict upon women and girls are well recognised by the international community as demonstrated by UN Security Council Resolution UNSCR 1325 on Women Peace and Security and subsequent resolutions Similarly the development community has identified gender differentiated impacts upon women and girls as a result of the effects of climate change Current research and analysis has reached no consensus as to any causal relationship between climate change and armed conflict but certain studies suggest an indirect linkage between climate change effects such as food insecurity and armed conflict Little research has been conducted on the possible compounding effects that armed conflict and climate change might have on at risk population groups such as women and girls *Armed Conflict Women and Climate Change* explores the intersection of these three areas and allows the reader to better understand how military organisations across the world need to be sensitive to these relationships to be most effective in civilian centric operations in situations of humanitarian relief peacekeeping and even armed conflict This book examines strategy and military doctrine from NATO the UK US and Australia and explores key issues such as displacement food and energy insecurity and male out migration as well as current efforts to incorporate gender considerations in military activities and operations This innovative book will be of great interest to students and scholars of international relations international development international

United States,2013 The United States Code is the official codification of the general and permanent laws of the United States
of America The Code was first published in 1926 and a new edition of the code has been published every six years since 1934
The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress Second Session the last
of which was signed by the President on January 15 2013 It does not include laws of the One Hundred Thirteenth Congress
First Session enacted between January 2 2013 the date it convened and January 15 2013 By statutory authority this edition
may be cited U S C 2012 ed As adopted in 1926 the Code established prima facie the general and permanent laws of the
United States The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any
discrepancy In 1947 Congress began enacting individual titles of the Code into positive law When a title is enacted into
positive law the underlying statutes are repealed and the title then becomes legal evidence of the law Currently 26 of the 51
titles in the Code have been so enacted These are identified in the table of titles near the beginning of each volume The Law
Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U S C 285b to enact the
remainder of the Code on a title by title basis into positive law The 2012 edition of the Code was prepared and published
under the supervision of Ralph V Seep Law Revision Counsel Grateful acknowledgment is made of the contributions by all
who helped in this work particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office
