

Instructions to Authors

Submission

Journal of New Sciences only accepts online submission, at the following email address:

jns_editorialmanager@gmail.com

If acknowledgement is not received within two weeks then authors should send a reminder to the Senior Editor with details of the file names and dates sent.

The manuscript can be written with the aid of any of the principal word processing software programs and should be sent by e-mail as an attachment and with "JNS" in the subject line.

The manuscript must be accompanied with a cover letter containing the article title, the first name and last name of all the authors, and a list of two suggested, international reviewers (title, name, Email address).

Email messages with attachments and unknown subject lines are not opened in view of virus risks.

Authors should examine carefully Instructions to Authors appeared in JNS and strictly follow all the instructions.

Editorial procedure

General presentation

Journal of New Sciences : all manuscripts should be written in English or French.

The manuscript should report the results of original research. The material should not have been previously published or submitted for publication elsewhere.

The text length is limited to 15 pages, including figures, tables and references. The number of literature references is limited to 30, except for review articles. All text should be written in a concise and integrated way, by focusing on major points, findings, breakthrough or discoveries, and their broad significance. All running text should be in Times New Roman 11, 1,5 spacing. Figure and table captions should be written in Times New Roman 9.

Title

The title should be short and focused on the main scientific discovery.

Abstract

The abstract of less than 300 words should report concisely on the main scientific breakthrough. The abstract should preferably not contain general statements, abbreviations, and literature references.

Key words

Do not repeat the words already in the title of the paper. Search engines such as Google automatically search the title. Key words should draw attention to features of the paper not addressed in the title.

Sections

The text should start with: article title; name of authors with an asterisk "*" highlighting the corresponding author; e-mail address of the corresponding author; 6 keywords. The text should contain the following sections:

- Abstract (less than 300 words)
- List of keywords (maximum 6)
- 1. Introduction
- 2. Materials and methods (including subsections - 2.1, 2.2...)
- 3. Results and discussion (including topical subsections - 3.1, 3.2...)
- 4. Conclusion

Acknowledgments

- 5. References

Other sections such as annexes and appendices are not accepted.

Nature Journal Authors Instructions Introduction

In the digital age, access to information has become easier than ever before. The ability to download Nature Journal Authors Instructions has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Nature Journal Authors Instructions has opened up a world of possibilities. Downloading Nature Journal Authors Instructions provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Nature Journal Authors Instructions has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Nature Journal Authors Instructions. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Nature Journal Authors Instructions. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Nature Journal Authors Instructions, users should also consider the potential

security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Nature Journal Authors Instructions has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
