culture at that time These arts can then be compared with the visual constructions made by contemporary North American Indian and non Indian artists of the late twentieth century whose internationally recognized works address in avant garde terms what it means to construct ethnic identities and cultural experiences that can and have led to misrepresentations of cultural truths and stereotypes This exhibition is the effort of a group of enthusiastic undergraduates and graduates who took in the spring of 1996 my art history course on the arts and cultures of the Southwest the Pueblo and Navajo Din peoples Since Florida State University has identified with and valorized the achievements of the Florida Seminole Tribe the group felt it fitting for FSU students to organize and develop a campus exhibition addressing aspects of past and present American Indian art and culture Working under extraordinary time constraints and limited funding these six undergraduates and eleven graduates never wavered in their commitment to this project All of the students felt the need to see the arts and visit the cultural areas they were writing about **The Indian Historian** ,1967 **The Adjustment of Indian and**
