Mini Case Solutions For Financial Management:

Introduction to Corporate Finance: Asia-Pacific Edition with Online Study Tools 12 Months John R. Graham, Scott B. Smart, Christopher Adam, Brindha Gunasingham, 2016-08-09 Introduction to Corporate Finance offers a dynamic modern and practical approach that illustrates how financial management really works It features up to date content including the impact of the Global Financial Crisis and capital budgeting Introduction to Corporate Finance is distinguished by the cash flow arc of the narrative which gives a practical learning path and the use of real options which is a practical analysis tool that is used in corporate finance Students are thus provided with the most engaging and contemporary learning path of any Australian text giving them realistic preparation for a career in finance The strong five part framework of the book is supported by integrated online elements and easy to read text Financial Statement Analysis Thomas R. Robinson, Paul Munter, Julia Grant, 2004 Robinson Munter and Grant's Financial Statement Analysis A Global Perspective is designed especially for users of financial statements Takes a financial statement analysis perspective The focus is on the user of financial statements and not the preparer of financial statements The emphasis is on the analysis and use of financial reports Knowledge of debits and credits is not required Emphasizes a global perspective by presenting both International Accounting Standards and U S GAAP Uses a step by step presentation to take students through the financial statement analysis process from understanding the financial statements to valuation Motorola and Nokia are used as running case examples throughout the text Additional real world examples are integrated into each chapter as appropriate Assignment Materials Many of the end of chapter problems have been reproduced from AIMR CFA R examination released questions and sample examinations Each chapter has a case derived from real company financial statements that can be used for class discussion or student projects
