Introduction: This is the first paragraph of your essay. Usually an introduction should be at least 4-5 sentences. Your introduction should introduce your reason for writing this essay. A thesis should be used somewhere in your introduction. A thesis usually a sentence written to state your paper's purpose. Without a thesis, readers will not know what they will read about and might feel lost. The purpose of this paper is to demonstrate what an MLA Style paper should look like.

Paragraph 1: In your first paragraph, you must talk about your first point/reason. Give plenty of examples in each paragraph and make sure to explain your examples to your reader. Without explanations, your reader cannot know what you are talking about because they might not relate to your examples.

Paragraph 2: Remember to always double space. Microsoft Word usually has this option on default, but make sure to have it set up for double spacing. This document was not made with Word, so I was unable to double space. It just looks single spaced.

Paragraph 3: Practice writing with higher level vocabulary. For example, instead of saying "the sun was hot", try writing "the sun was scorching hot". Use descriptive words. Not only does it help fill up your paper space, but it also emphasizes your writing. Descriptive words help readers know exactly how something feels, tastes, smells, looks, etc. It wasn't JUST hot, it was scorching hot.

Conclusion: This is your last paragraph. In this paragraph, try to summarize your essay in at least 4-5 sentences. Restate your thesis. You can also include thought provoking ideas that will make you reader think critically about the topic you just wrote about. Usually an essay will be about 3-4 pages long. It all depends on how many pages your instructor tells you to write. Whether you are writing a 2 page essay or a 10 page essay, you must always follow standard MLA format.
