Hoop History

1895, and winter was coming on. James Naismith's boss had given him a job to do. He was to invent a game to play in the gym during the winter. The boys had to play the game in the spring. However, they could not play the game during the winter.

Many games for the winter. He tried indoor forms of football. The boys got hurt when they ran into walls and each other or threw the ball through windows. Naismith decided to play a game with no running, no kicking, and no contact.

One morning, Naismith's eighteen students found a list of basketball rules that he had posted on the gym door. The rules described a whole new game. The boys walked into the gym. They saw the school janitor hanging a peach basket from a balcony. Their teacher brought out a soccer ball. The boys began playing the new game. The goal of their game was to throw the soccer ball into the peach basket. The rules said they could not run while holding the ball. The only way to move the ball was to pass it. They also were not allowed to hit each other as they would in football.

4 Only one player scored a point in the first game. When he tossed the ball into the basket, peach basket, the basket ball, the ball, or the peach basket.
