An Informal History of the Hugos Jo Walton, 2018-08-07 Engaged passionate and consistently entertaining this is a book for those who enjoyed Walton's previous collection of essays from Tor.com the Locus Award winning *What Makes This Book So Great* The Hugo Awards named after pioneer science fiction publisher Hugo Gernsback and voted on by members of the World Science Fiction Society have been given out since 1953 They are widely considered the most prestigious award in science fiction Between 2010 and 2013 Jo Walton wrote a series of posts for Tor.com surveying the Hugo finalists and winners from the award's inception up to the year 2000 Her contention was that each year's full set of finalists generally tells a meaningful story about the state of science fiction at that time Walton's cheerfully opinionated and vastly well informed posts provoked valuable conversation among the field's historians Now these posts lightly revised have been gathered into this book along with a small selection of the comments posted by SF luminaries such as Rich Horton Gardner Dozois and the late David G Hartwell
