 Chris Grover, 2006-12-21 Microsoft Word has grown considerably in power sophistication and capability over the past decade
 but one thing that hasn't changed since the early 90s is its user interface The simple toolbar in version 2.0 has been packed
 with so many features since then that few users know where to find them all Consequently more and more people are looking
 for insider tips that will allow them to use these advanced and often hidden features Microsoft has addressed this problem in
 Word 2007 by radically redesigning the user interface with a tabbed toolbar that makes every feature easy to locate and use
 Unfortunately Microsoft's documentation is as scant as ever so even though you will be able to find advanced features you
 might not know what to do with them Word 2007 The Missing Manual written specifically for this version of the software
 explains basics like how to create documents enter and edit text format print and fax You will also learn how to create
 sophisticated page layouts insert forms and tables use graphics and create book length documents with outlines and Master
 Documents Coverage also includes how to share documents with other people and programs create web pages automate
 documents with fields and automate tasks with macros and the Visual Basic scripting language This book shows you how to
 do it all *Microsoft Office 2007 QuickSteps* Marty Matthews, Carole Matthews, 2008-10-15 Microsoft Office has an
 estimated 400 million users worldwide **Microsoft Office Word 2007 Manual to Accompany Gregg College**

 Processing GDP 11e by Ober Johnson and Zimmerly Your complete learning teaching system Your guide to success GDP 11 is
 an integrated keyboarding system designed to process and score documents created in Microsoft Word Together the book
 and software systematically lead students through each lesson to provide an easy path to success As a solid product for over
 50 years this version of the GDP software has grown into an online functionality The same program is now web based with
 seamless updates to provide greater accessibility for use at home Microsoft Office 2007 in Business Joseph M. Manzo, Dee
 R. Piziak, Christine J. Rhoads, 2009 Microsoft Office is the industry standard in business software Learn how to make Office
 2007 work for you As part of the In Business System Microsoft Office 2007 In Business Core is the only Office 2007 book that
 prepares students expressly for core business courses such as Accounting Economics Marketing Finance and Business
 Statistics by providing exposure to real business files that meet professional standards useful references that can be used in
 later courses an understanding of how to use the software as a tool to accomplish business goals and coverage of the core
 Office skills needed in business The second edition includes several new features that reinforce the primary mission of the
 series which is to illustrate how Microsoft Office is used to accomplish both personal and professional business objectives
 Microsoft Office skills are essential for anyone working in a business environment Whether you need Word skills for

Marketing or Excel skills for Accounting Microsoft Office 2007 In Business Core ensures that you can meet your business goals

Word 2007 for Starters: The Missing Manual Chris Grover, 2007-01-25 Fast paced and easy to read this concise book teaches you the basics of Word 2007 so you can start using the program right away Not only will you learn how to work with Word s most useful features to create documents format and edit text share the results and more you ll also discover how to go beyond basic documents to handle graphics create page layouts and use forms and tables The new Word is radically different from previous versions but with this convenient book you can breeze through the new user interface and its timesaving features in no time with Clear explanations Step by step instructions Lots of illustrations Larger type Plenty of friendly advice Word is used primarily for word processing but there s more to this powerful program than meets the eye It also offers a staggering array of advanced features that were once found only in page layout programs and graphics software Many of these features are hidden among Word s cluttered menus and even the pros can t find them all For Word 2007 Microsoft redesigned the user interface completely adding a tabbed toolbar that makes every feature easy to locate Unfortunately Microsoft s documentation is as poor as ever so even if you find the features you need you still may not know what to do with them Word 2007 for Starters The Missing Manual helps you master Word s redesigned user interface and gives you exactly what you need to create unique attractive and effective documents

Excel 2007 Helen Dixon, 2007-05-29 Many experienced users may initially find Excel 2007 rather disorientating But Excel 2007 Beyond the Manual will introduce those who are already familiar with Excel basics to more advanced features like consolidation what if analysis PivotTables sorting and filtering and some commonly used functions You ll learn how to maximize your efficiency at producing professional looking spreadsheets and charts and become competent at analyzing data using a variety of tools The book includes practical examples to illustrate advanced features It also covers new features of Excel 2007 along with ways to access old features You ll even gain timesaving tips and shortcuts
