Performance, Modernity and the Plays of J. M. Synge Hélène Lecossois, 2020-11-26 Irish Revivalist playwright J M Synge is often regarded as a realist Yet what happens when his work is analysed through wider performance studies and situated alongside less familiar historical contexts By addressing this question Hélène Lecossois offers new and valuable perspectives on Synge's plays while at the same time engaging with the complexity of his treatment of a range of performance practices from keening at rural funerals to the performances of native villagers in the entertainment section of International Exhibitions What emerges from her study is a dramatist acutely aware of the ability of theatre in performance to counteract relentless forward moving narratives of modernity Through detailed contextualized case studies the book simultaneously makes meaningful contributions to performance studies and opens up theoretical questions of performance relating to the status of the object on stage the body on stage and theatrical time

Theatre and Archival Memory Barry Houlihan, 2021-07-28 This book presents new insights into the production and reception of Irish drama its internationalisation and political influences within a pivotal period of Irish cultural and social change From the 1950s onwards Irish theatre engaged audiences within new theatrical forms at venues from the Pike Theatre the Project Arts Centre and the Gate Theatre as well as at Ireland's national theatre the Abbey Drawing on newly released and digitised archival records this book argues for an inclusive historiography reflective of the formative impacts

upon modern Irish theatre as recorded within marginalised performance histories This study examines these works experimental dramaturgical impacts in terms of production reception and archival legacies The book framed by the device of archival memory serves as a means for scholars and theatre makers to inter contextualise existing historiography and to challenge canon formation It also presents a new social history of Irish theatre told from the fringes of history and reanimated through archival memory *Performing Corporate Bodies* Sarah Saddler,2024-12-30 This book offers the first look at corporate theatre a global management trend that uses dramatic techniques in workplace learning Drawing on a decade of research with artists consultancies drama schools and multinational firms in India and across the Global South Sarah Saddler provides a fascinating perspective on why theatre and performance are finding new legitimacy in corporate economies under late capitalism Chapters spotlight how theatre is wielded by management to advance urgent corporate agendas while examining corporate theatre's impact on broader social transformations such as the theatrical dimensions of management and shifting creative horizons for performance practitioners Through vivid vignettes Sarah Saddler argues that corporate theatre has become a mode of physical and psychological conditioning used to encode the cultural dimensions of global capitalism Simultaneously she uncovers how corporate theatre employs humor tactics that enable individuals to navigate systems of power becomes a remedy for corporations grappling with the crushing competition of capitalism and offers a critical perspective on artistic agency within the creative economy This book will be of interest to readers across the interdisciplinary humanities including theatre and performance studies anthropology sociology and South Asian studies
