Just Let Your Heart Flow:

Learn to Relax Gordon Rosenberg, 2011-01-14 [Living in the Heart](#) Drunvalo Melchizedek, 2012-04-27 Long ago we humans used a form of communication and sensing that did not involve the brain in any way rather it came from a sacred place within our hearts What good would it do to find this place again This is a book of remembering You have always had this place within your heart and it is still there now It existed before creation and it will exist even after the last star shines its brilliant light At night when you enter your dreams you leave your mind and enter the sacred space of your heart But do you remember Or do you only remember the dream Why am I telling you about this something that is fading from our memories What good would it do to find this place again in a world where the greatest religion is science and the logic of the mind Don't I know where emotions and feelings are second class citizens Yes I do But my teachers have asked me to remind you who you really are You are more than just a human being much more For within your heart is a place a sacred place where the world can literally be remade through conscious cocreation If you really want peace of spirit and if you want to return home I invite you into the beauty of your own heart With your permission I will show you what has been shown to me I will give you the exact instructions to the pathway into your heart where you and God are intimately one It is your choice But I must warn you Within this experience resides great responsibility Life knows when a spirit is born to the higher worlds and life will use you as all the great masters who have ever lived have been used If you read this book and do the meditation and then expect nothing to change in your life you may get caught spiritually napping Once you have entered the light of the great darkness your life will change eventually you will remember who you really are [The Forgiveness Solution](#) Philip H.
