organizations are changing today and what they will become in the future what new organizations will look like and how managers will have to change to be effective in them and how managers can change their organization from one which is locked in tradition to one which is flexible enough to respond positively to constant change Revealing both the practicalities and theories behind surviving upheaval in the workplace academics business managers and HR managers alike will find this book to be a fascinating and invaluable read Serious Games and Edutainment Applications Minhua Ma,Andreas Oikonomou,Lakhmi C.
