It Is Done The Final Step To Instant Manifestations:

It Is Done! Richard Dotts, 2015-11-24 The first time Richard Dotts learnt about the significance of the word Amen frequently used in prayers goosebumps welled up all over his body and everything clicked in place for him Suddenly everything he had learnt up to that point about manifestations made complete sense What if the word we commonly use to end our prayers today is not merely added as an afterthought but meant to be a powerful manifestation tool in the first place What if it is actually the most important part in any prayer What was going through the minds of those ancient spiritual masters when they said words similar to amen Does that word really hold the final step to fulfilling our desires In *It Is Done* bestselling author and spiritual explorer Richard Dotts explores the hidden significance behind these three simple words in the English language Three words when strung together and used in the right fashion holds the keys to amazingly accurate and speedy manifestations In his usual candid illuminating style which has made him a seven time Amazon bestselling author Dotts devotes the first half of this book to explain his 10 year struggle with the Law of Attraction and how he struggled to leave behind his habit of incessant worrying and fearful thoughts I was constantly worried about things going wrong even when everything was going right I was afraid that one day I would run out of money and bad things would happen to me writes Dotts candidly in one of the chapters Then Dotts quickly moves to show the reader how they can break free from the 4 major blocks that prevent manifestations from occurring in their own lives and how these blocks are often so pervasive that we do not even realize they are there Because these unseen blocks feel so familiar to us we often do not recognize that they are standing between us and our greater good Get rid of these major blocks and the manifestations come quickly and effortlessly for you regardless of what manifestation techniques you use Learn as Dotts recounts the story of Mark an old friend whom he has shared these techniques with and whom within a short span of time managed to achieve incredible financial success in his life Also learn about the story of other individuals whose unwillingness to trust in the process led to continued failure and disappointments for them Dotts astutely points out that the difference between these two groups of individuals lies not in manifestation abilities but in their abilities to work past and get around these 4 major manifestation blocks Finally in the second half of this book Dotts leads readers through the *It is Done* process in greater detail Learn how to apply the technique to greatly compound the effectiveness of any manifestation technique you are currently using be it more conventional techniques such as affirmations visualizations or even more new age techniques such as Matrix Energetics EFT or Quantum Healing There is no need to change whatever you are currently doing to reap benefits from *It is Done* Whatever you are currently doing the *It is Done* technique can help you achieve your desires and dissolve any blocks that stand in the way even faster

Spontaneous Manifestations from Zero Richard Dotts, 2016-01-20 What if every single self help book you read including this one produces immediate and lasting results in your life What if there is a way to easily apply spiritual teachings and manifestation techniques from diverse sources to instantly dissolve longstanding problems challenges and roadblocks in your life Can you compress the time it takes for your physical manifestations from a few months to a few minutes or less In his latest book Spontaneous Manifestations From Zero the world's favorite manifestation author Richard Dotts lays the foundation by first explaining the Magic Transformation Process Richard developed this process as an easy way for anyone to quickly integrate new spiritual teachings into their life and see fast results Drawing on his own personal experiences and struggles with interpreting these esoteric teachings the Magic Transformation Process bridges the gap between theory and practice by transforming any teaching into a form that is easily assimilated by our current belief system The result is a high level of personal effectiveness and greatly improved success rates when learning any spiritual or self help technique such as those intended for instant manifestation or spiritual healing Having laid this general groundwork for personal development Richard moves on to explain why manifestations are not about taking a piecemeal approach Many readers apply manifestation techniques in a piecemeal manner to fill up perceived voids in their lives But as Richard explains becoming an effective manifestor goes beyond just using these techniques when the need arises and neglecting them in other areas of your life To become an effective manifestor one needs to move towards an actual holistic living of this material at all levels of their being instead of merely understanding it theoretically To help readers do so Richard expands upon the concept of timeless manifestations which he originally introduced in his book Playing In Time And Space In this current book Richard takes readers through a powerful series of inner exercises to perceive our physical manifestations as the Universe sees it at a single point in time Most readers have a difficult time understanding why time and space boundaries do not matter to the Universe and how time is only a convenient illusion when it comes to our manifestations Through the steps described by Richard readers are guided to see why instant spontaneous manifestations are not just a fantasy but a definite possibility in our everyday experience Next Richard shares the Quick Statement Process a powerful technique that allows readers to cut through any negative feelings emotions or thoughts arising from particular situations in their own life These negative feelings often delay and hold our manifestations back which is why it is important that we break free from them as soon as possible The Quick Statement Process allows one to dissolve any negative feelings of doubt without the need for any logical rationalizations or psychoanalysis Just drop it and

be done with them Readers are in for a treat as Richard rounds up the book by showing readers how to collapse their perceptions of time and space such that they are both living in their current reality and also a future reality where their desires are already manifest He shares his latest insights on why worrisome and fearful thoughts just cannot exist when we collapse the future into the now and live in a state of perpetual bliss This is the zero state from which spontaneous manifestations happen and you can live it today Metaconscious Entrepreneur Stacy Hartmann,2021-12-13 There is a new breed of entrepreneurs who don't resonate with traditional marketing and sales tactics predominantly focused on what's in it for me Instead they're all about what's in it for we Rather than putting profits first they put people and impact first The new entrepreneurs have no idea how to achieve these goals without making major compromises to their values and integrity In Metaconscious Entrepreneur author Stacy Hartmann offers this guide for the visionaries courageous entrepreneurs who are ready to implement a potent effective way to grow a wildly successful business that changes the world These people long to create abundance and ultimately do the work they know they are here to do in the world work that contributes to the betterment of humanity Offering a powerful manual of timeless wisdom it offers insights ideas and new rules of starting and growing a conscious business without giving up who you are and what you stand for Metaconscious Entrepreneur shows you how to let go of striving and hustling traits so many mainstream business experts insist we all need to create success and instead discover how to align to the highest levels of consciousness where magic synchronicity and instantaneous manifestations happen Hartmann's unique approach to business strategy and growth demystifies the hidden factors of success found in energy and consciousness It provides a simple practical and high conscious pathway to bringing your greatest contributions and gifts to the world while also creating conscious wealth for a juicy and inspiring life **Grand Unification of a 2 Photon Universe** H. S. Akrongold,2007 **Getting Into Manifestation Zone** Richard Dotts,2016-04-27 Despite the power and consistency of these Universal Laws why is it that some people still struggle to apply them in their daily lives Why can it sometimes be difficult to apply these manifestation techniques in a way that yields consistent results every single time no matter what we ask for If these Universal Laws are as precise as the laws of physics then shouldn't they work one hundred percent of the time without fail for every single person on this planet If you have asked these questions at some point in your spiritual journey you're in for a real treat Join bestselling author and spiritual explorer Richard Dotts as he returns with his latest and most anticipated book for this year Getting Into Manifestation Zone A Radical Way to Manifest 24/7 In Getting Into Manifestation Zone Dotts puts forth the radical premise that our results are inconsistent not because these Universal Laws do not work reliably all of the time Rather it is because these Universal Laws are unseen and most people do not have an accurate conceptual representation of how they work As a result an individual can live his entire life not understanding the powerful nature of these unseen spiritual forces and how to tap into them The solution then according to Dotts is to conceptualize these Universal Laws in a way such that they become visible to us In his usual

trademark style Richard walks readers through a radical framework that allows us to clearly visualize the inner workings of these Universal Laws More importantly Richard shows everyone how to know where they stand in relation to these Universal Laws and hence foresee the future they are about to create As Richard explains an accurate visualization of these Universal Laws is the first step When we have an accurate framework through which to perceive these Laws we turn these ethereal and unseen forces into something tangible and instantly perceivable by our senses By cultivating a moment to moment awareness of where we stand in relation to these Universal Laws we are able to focus our energies and manipulate these unseen forces in a precise manner that yields results every single time In Getting Into Manifestation Zone Richard presents a completely new framework for manifestations that allows one to accurately visualize these spiritual principles for themselves Once an understanding and internalization of this framework is complete the reader is taken through a series of exercises based on this framework to create an alternate reality for himself The framework also answers many age old questions about applying these spiritual techniques to create physical manifestations such as Why is it that most people find it so difficult to create a new desired reality The framework explains why most people perpetuate their existing realities by default unless they know the right way to break out of this unconscious way of living How did the spiritual masters throughout the ages create seeming miracles and manifestations out of thin air The framework explains how they are able to do so by immersing themselves entirely in the spiritual dimension and staying there How can YOU spend most of your time in the spiritual dimension and yet function effectively as a physical being in this modern world And more Indiana Folklore ,1978
