Women in Love D. H. Lawrence, 1987-05-21 Seen by Lawrence as his most accomplished book but subject to the initial prudery and incomprehension that met most of his fiction *Women in Love* examines the regenerative and destructive aspects of human passion as illustrated by its depiction of Ursula and Gudrun Brangwen who first appeared in *The Rainbow* and their relationships with Gerald Crich and Rupert Birkin Set against the backdrop of a world consuming itself in war the novel creates an instructive vision of humanity's dance with life and death This text is the famous first *Women in Love* the unexpurgated version preferred by Lawrence himself which was rejected by every publisher because of the banning of *The Rainbow* in 1915 More positive in tone than the revised version published in his lifetime with different central relationships and a radically different ending it is now viewed by many as Lawrence's masterpiece

BOOK JACKET Primary Love and Psychoanalytic Technique Michael Balint, 2018-03-08 One of the eternal problems of mankind is that of love and hate Why and how does it happen that we love this one of our fellow men feel safe in his affection expect satisfactions of our needs from him and are attracted to him while we hate and avoid other Ever since the publication of Freud's first works one of the main objects of psychoanalytic research has been the study of these powerful currents of the human mind The author contributed several important papers on this subject and *Primary Love and Psychoanalytic Technique* is a collection of his material from 1930 to 1952 The first half of this volume is a collection of all his papers on this topic The first *Psycho Sexual Parallels to the Fundamental Law of Biogenetics* is an attempt to trace the development of the erotic instincts from their earliest biological beginnings in unicellular organisms to their highest manifestations in human beings Other papers deal with the problems of Genital Love Transference of Emotions of Love and Hate and so on

Conjugal Chastity in Pope Wojtyla Ailbe M. O'Reilly, 2010 *Conjugal Chastity in Pope Wojtyla* explains how Karol Wojtyla philosopher theologian and Pope tried to show how the sexual act within the context of marriage is an expression of love After explaining how love as goodwill is the foundation of conjugal love the correct relationship between love and justice is clarified The negative dimension of the personalistic norm of Wojtyla is then critically examined Conjugal love is explained in

terms of conjugal beneficence based on conjugal benevolence This love leads to total self giving in each conjugal act The procreative meaning of the conjugal act seems to be its most formal element the soul of the act so to speak the unitive element is described as an essential property of this act something which necessarily flows from the conjugal act which is open to life Chastity is the virtue that allows sexuality to be integrated into a love which is truly personal and reflects Trinitarian Love
