Test takers that pass the College Composition Modular CLEP exam will receive 3 (three) semester hours of college credit.

There are 2 calculations performed to get the final score. The raw score is first calculated based on the questions answered correctly. The raw score is then converted into a scaled score that ranges from 20 to 80. The final scaled score is the score that appears on the score report.

After completing the multiple-choice section, candidates take the direct writing assessment module based on the policy established by their college. Options include:

An essay section developed and provided by CLEP that requires candidates to respond to two essay prompts designed to assess the same skills measured in the College Composition essay section. Copies of the handwritten essays are sent to the college designated by the candidate, along with the CLEP Optional Essay Scoring Guidelines.

An essay/writing assessment developed, administered and scored by the college.

Colleges can also choose to associate the College Composition Modular score with another assessment or evaluation determined by the college.
