Rare Book Division,1971 Reference tool for Rare Books Collection Nuclear Science Abstracts ,1975-06 *Bibliographic Guide to Music* GK Hall,2002-07 The holdings of the Music Division of the New York Public Library cover virtually all musical subjects its scores represent a broad spectrum of musical style and history **Chemical Abstracts** ,1915 **Francis of Assisi** Augustine Thompson,2012-04-15 I recommend this book strongly to anyone serious about understanding Francis of Assisi I admire the clarity and brevity of the writing With decisiveness Thompson cuts through the conflicting medieval accounts of each event in Francis life adjusts for the hagiographers spin and creates a credible chronology out of the blurry dates His knowledge of medieval Italy allows him to provide insightful explanations of the legal liturgical and ecclesiastical practices of the time Paul Moses America Among the most beloved saints in the Catholic tradition Francis of Assisi c 1181 1226 is popularly remembered for his dedication to poverty his love of animals and nature and his desire to follow perfectly the teachings and example of Christ During his lifetime and after his death followers collected for their own purposes numerous stories anecdotes and reports about Francis As a result the man himself and his own concerns became lost in legend In this authoritative and engaging new biography Augustine Thompson O P sifts through the surviving evidence for the life of Francis using modern historical methods The result is a complex yet sympathetic portrait of the man and the saint Francis emerges from this account as very much a typical thirteenth century Italian layman but one who when faced with unexpected crises in his personal life made decisions so radical that they challenge his own society and ours Unlike the saint of legend this Francis never had a unique divine inspiration to provide him with rules for

following the teachings of Jesus Rather he spent his life reacting to unexpected challenges before which he often found himself unprepared and uncertain The Francis who emerges here is both more complex and more conflicted than that of older biographies His famed devotion to poverty is found to be more nuanced than expected perhaps not even his principal spiritual concern Thompson revisits events small and large in Francis s life including his troubled relations with his father his contacts with Clare of Assisi his encounter with the Muslim sultan and his receiving the Stigmata to uncover the man behind the legends and popular images A tour de force of historical research and biographical writing Francis of Assisi A New Biography is divided into two complementary parts a stand alone biographical narrative and a close annotated examination of the historical sources about Francis Taken together the narrative and the survey of the sources provide a much needed fresh perspective on this iconic figure As I have worked on this biography Thompson writes my respect for Francis and his vision has increased and I hope that this book will speak to modern people believers and unbelievers alike and that the Francis I have come to know will have something to say to them today *The National Agricultural Directory 2011* ,2010
