Georges Duby,1967 Distributed in the U S by World Publishing Company Cleveland **Medieval Art Second Edition**
Marilyn Stokstad,2021-12-24 This beautifully produced survey of over a thousand years of Western art and architecture introduces the reader to a vast period of history ranging from ancient Rome to the age of exploration The monumental arts and the diverse minor arts of the Middle Ages are presented here within the social religious and political frameworks of lands as varied as France and Denmark Spain and Turkey Marilyn Stokstad also teaches her reader how to look at medieval art which aspects of architecture sculpture or painting are important and for what reasons Stylistic and iconographic issues and themes are thoroughly addressed with attention paid to aesthetic and social contexts In the Beauty of Holiness David Lyle Jeffrey,2017 Art and worship to 1500 Beauty and holiness as terms of art The paradoxical beauty of the cross Beauty and proportion in the sanctuary The beauty of light The beauty of holiness alfresco Beauty on the altar Art and the Bible after 1500 Beauty power and doctrine Beauty and the eye of the beholder Romantic religion and the sublime Art after belief Art against belief Return of the transcendentals **The Apocalyptic Year 1000** Richard Landes,Andrew Gow,David Van Meter,2003-06-05 The essays in this book challenge prevailing views on the way in which apocalyptic concerns contributed to larger processes of social change at the first millennium Several basic questions unify the essays What chronological and theological assumptions underlay apocalyptic and millennial speculations around the Year 1000 How broadly disseminated were those speculations Can we speak of a mentality of apocalyptic hopes and anxieties on the eve of the millennium If so how did authorities respond to or even contribute to the formation of this mentality What were the social ramifications of apocalyptic hopes and anxieties and of any efforts to suppress or redirect the more radical impulses that bred them How did contemporaries conceptualize and then historicize the passing of the millennial date of 1000 Including the work of British French German Dutch and American scholars this book will be the definitive resource on this fascinating topic and should at the same time provoke new interest in and debate on the nature and causes of social change in early medieval Europe

Greek Myth and Western Art Karl Kilinski,2013 This richly illustrated book examines the legacy of Greek mythology in Western art from the classical era to the present Tracing the emergence survival and transformation of key mythological figures and motifs from ancient Greece through the modern era it explores the enduring importance of such myths for artists and viewers in their own time and over the millennia that followed **Notes Toward a History of Medieval and**
