The Palgrave Handbook of Teacher Education in Central and Eastern Europe Marta Kowalczyk-Walędziak, Roza A. Valeeva, Marija Sablić, Ian Menter, 2022-11-24
This handbook provides a comprehensive scholarly overview of teacher education in Central and Eastern Europe (CEE) since the fall of communism in 1989. It looks closely at recent trends, emerging practices, and possible futures for teacher education in twenty-one CEE countries, reaching from the Balkans through the Visegrad Group to Eastern Europe and the Baltics. The contributing authors reflect on their own countries' uphill battles and journeys towards modernising teacher education over the last three decades. Subsequently, contemporary teacher education policies, structures, and practices are explored in light of Bologna reforms, EU higher education policies, and globalisation processes. Each chapter also offers some predictions about likely future trajectories with concrete suggestions on how to develop and improve teacher education systems in response to the growing pressures of neoliberal ideologies. The Palgrave Handbook of Teacher Education in Central and Eastern Europe provides a valuable reference that enriches the work of scholars, students, policymakers, and practitioners across CEE and beyond.

Mindful Social Studies Tori K. Flint, Natalie Keefer, 2022-08-16
Mindful Social Studies Frameworks for Social Emotional Learning and Critically Engaged Citizens situates the field of social studies education as uniquely poised to integrate anti-racist equity and asset-based pedagogies with contemplative mindfulness-based strategies to promote the knowledge, skills, and dispositions students need to be effective citizens. Students' Social Emotional Learning (SEL) hinges upon their experiences engaging in authentic learning that strengthens cognitive skills, including critical thinking, self-awareness, reflection, compassion, empathy, and perspective-taking. In this volume, the co-editors have curated reflective K-16 practitioner-style research-focused and theory-based chapters that explore social justice-orientated contemplative pedagogies as well as mindfulness-related frameworks and strategies for teaching social studies and the social and behavioral sciences. In this book, chapter authors explore ways of cultivating specific mindfulness-related social studies dispositions and transformative rationales and approaches for critical mindfulness.
