Educação Profissional no Contexto da Precarização do Trabalho Aldo Vieira Ribeiro, 2021-04-19 A obra *Educação Profissional no Contexto da Precarização do Trabalho* propõe uma reflexão acerca das relações entre trabalho, escolaridade e profissionalização no contexto contemporâneo de precarização do trabalho. Referenciada em um conjunto interdisciplinar de autores que tomam as categorias educação e trabalho como objeto de suas análises, a obra em comento encontra-se dividida ao longo da introdução em quatro capítulos e as considerações finais. O primeiro capítulo discute o tema conceitual do trabalho e reestrutura o produtiva e outros temas correlatos. O segundo aborda a relação trabalho e qualificação profissional no regime de acumulação flexível, evidenciando as características centrais desse regime e o perfil de trabalhador apto a atender as suas exigências. O terceiro analisa o percurso histórico de subordinação da educação brasileira aos interesses do capital e a institucionalidade dos Institutos Federais (IFs) que se apresenta como um modelo promissor de Educação Profissional no país. O último capítulo discute a trajetória de egressos da Educação Profissional, evidenciando seus dilemas e perspectivas no mundo do trabalho. Nas considerações finais, convida-se o leitor a realizar uma reflexão sobre o estudo que ensejou a publicação desta obra, destacando-se a importância da continuidade de pesquisas no âmbito da Educação Profissional ofertada pelos Institutos Federais. IFs: campo vasto de investigação ainda pouco explorado. *SDGs in the Americas and Caribbean Region* Walter Leal Filho, Noé Aguilar-Rivera, Bruno Borsari, Paulo R. B. de Brito, Baltazar Andrade Guerra, 2023-08-31 This volume provides an overview of the ways sustainable development issues as a whole and the SDGs in particular are perceived and practiced in a variety of countries in the Latin America and Caribbean region. This happened to the author and for more than five decades he was a sleeper with little or no knowledge of his past. In 2004, while being treated for PTSD because of his Vietnam War experiences, his memory began to return and that is when it was realized that since age

twelve he had been given a much deeper cover than that which he already knew existed What is now known is that in late August of 1949 his mind and body were genetically and physically altered when he and others was abducted by extraterrestrials who were visiting Earth from another solar system Also he would later learn that an agency of the United States had authorized that change as well as sanctioned his later being recruited and trained as a US Army Special Forces and combat special operations soldier for the Central Intelligence Agency **Mergent OTC Industrial Manual** ,2003
