The world today is turning more to electronic communications such as e-mail, Facebook and messaging apps. What is your opinion of this growing trend? Discuss. You should write at least 350 words.

As time goes by, the world is changing rapidly; so are its people and the technology itself. Technology brings about a lot of changes to people's lives. It is getting more advanced from day to day especially when it comes to information technology or in this case, electronic communication. Previously, mail was seemingly one of the most vital ways of communicating especially over long distances. In contrast, nowadays people are more able to communicate in easier ways; by using their electronic accounts on their computers or through their iPads and sending short messages from their iPhones or Blackberries. Why is it so? First and foremost, the world today is turning more to electronic communications like e-mail, Facebook and instant messaging, and other electronic communications because they will prevent people from wasting their time and money. How do this work? As we all know, sending a letter to someone will involve a lot of processes and will eventually take a long time and waste a lot of money. On the contrary, electronic communications entail only the tip of our fingers and an electronic device to work with. Then, what is left for us to do is just, typing. Has that not taken a much less time and money? For instance, an e-mail only requires us to turn on our laptops, open our accounts on the website and then, you can start writing your letter and sending them through e-mail. In short, with the very unstable economy nowadays, having these kinds of communications will ease everyone's burden especially with their daily expenses and also their valuable time will not be wasted.

Secondly, the growing trend of electronic communication is making it possible for borderless communication which is vital these days. Why is it vital? A lot of things require borderless communication; in the education field, businesses and even daily activities,
