dramatists Europe has produced with over a dozen plays which are frequently revived not only in France but in translation in many other countries For this collection fine translations of four full length plays one short play and the Speaker's Text for the Cocteau Stravinsky opera Oedipus Rex have been selected The longer plays The Infernal Machine Orpheus Bacchus Knights of the Round Table are re creations of classic myth and legend poetic and highly original interpretations of certain timeless themes which have inspired great drama through the ages The Eiffel Tower Wedding Party is by contrast merely a curtain raiser but remarkable as un jeu d esprit revealing the wit and psychological penetration for which Cocteau is famous

France and the Spanish Civil War Mr Martin Hurcombe, 2013-05-28 In this wide ranging study of French intellectuals who represented the Spanish Civil War as it was happening and in its immediate aftermath Martin Hurcombe explores the ways in which these individuals addressed national anxieties and shaped the French political landscape Bringing together reportage essays and fiction by French supporters of Franco's Nationalists and of the Spanish Republic Hurcombe shows the multifaceted ways in which that conflict impacted upon French political culture He argues that French cultural representations of the war often articulated a utopian image of the Nationalists or of the Spanish Republic that served as models behind which the radical right or the radical left in France might mobilise His book will be of interest not only to scholars of French literature and culture but also to those interested in how events unfolding in Spain found an echo in the political landscapes of other countries
