Limbo If You Think Life Is Hard Try Being Dead:

Limbo Raymond Cowie, 2014-11-12 If You Think Life Is Hard Try Being Dead Chartered accountant Elton Pepper thought the future looked bright With a beautiful new wife a well paid job and his favourite sausages for tea what more could a humble unassuming desk jockey ask for Of course he couldn't have been more wrong if he tried unless he was a scientologist which he isn't Due to circumstances unforeseen Elton soon finds himself in a bit of a bind nay more than that it is a horrifying blood curdling terror inducing nightmare and the only person who can help him has two dirty great horns growing out the side of his billiard ball head Cripes

Academic Literacy and the Nature of Expertise Cheryl Geisler, 2013-11-05 The first full length account integrating both the cognitive and sociological aspects of reading and writing in the academy this unique volume covers educational research on reading and writing rhetorical research on writing in the disciplines cognitive research on expertise in ill defined problems and sociological and historical research on the professions The author produced this volume as a result of a research program aimed at understanding the relationship between two concepts literacy and expertise which traditionally have been treated as quite separate phenomena A burgeoning literature on reading and writing in the academy has begun to indicate fairly consistent patterns in how students acquire literacy practices This literature shows furthermore that what students do is quite distinct from what experts do While many have used these results as a starting point for teaching students how to be expert the author has chosen instead to ask about the interrelationship between expert and novice practice seeing them both as two sides of the same project a cultural historical professionalization project aimed at establishing and preserving the professional privilege The consequences of this

professionalization project are examined using the discipline of academic philosophy as the site for the author's investigations. Methodologically unique, these investigations combine rhetorical analysis, protocol analysis, and the analysis of classroom discourse. The result is a complex portrait of how the participants in this humanistic discipline use their academic literacy practices to construct and reconstruct a great divide between expert and lay knowledge. This monograph thus extends our current understanding of the rhetoric of the professions and examines its implications for education. *My Journey* Naomi Tammi Palmer, 2017-04-03 This is a revised version of my first publication from 2009. This represents the start of my journey. A collection of my poetry from the age of 10 years. I lost so many of my poems along my journey. I am happy to be able to share these ones that are remaining. I am working on 2 more books. In this revised version, I have added some insights into my 2nd and 3rd book at the end. This one contains Poems of Woes, Hardship, Love, and many more experiences. My Spiritual Journey and the Wisdom I learned along the way. Journey with me, and may you find some upliftment and inspiration. We often start out our journey on a survival story. This book is a testament that all is meant in order to shape our destiny to a successful outcome. Thank you for purchasing my book. I hope you enjoy Peace, Love, and Light to All in All Oneness. BeINenerGy **Broken Circle** J.L. Powers, M.A. Powers, 2017-10-03 For young Adam Jones, inheriting the family business is more than a rotten hand. It's downright skeletal. The Powerses' worldbuilding and writing will keep readers hooked. They will find themselves questioning what is fact and what is fiction, and cheering Adam on as he journeys in this new strange world. A gripping philosophical paranormal thriller. Kirkus Reviews Adam wants nothing more than to be a normal teen, but his reality is quickly leaking normal. Afraid to sleep because of the monster that stalks his dreams, Adam's breakdown at school in front of his crush Sarah lands him in the hospital. As he struggles to cope with his day-to-day life, Adam can only vaguely comprehend some sort of future. His mother died when he was only four, and his eccentric father, who might be an assassin, a voodoo god, the reincarnation of the Buddha, or something even stranger, is never available when Adam really needs him. Even his paranoid grandfather, who insists that people are out to kill the entire family, is no help. Adam's life takes an even weirder turn when a fat man with a gold tooth and a medallion confronts his father regarding Adam's supposed True Destiny. Adam is soon headed toward a collision with life, death, and the entities charged with shepherding souls of the newly dead, all competing to control lucrative territories where some nightmares are real, and psychopomps of ancient legends walk the streets of North America. **The Star and the Cloud; Or, A Daughter's Love.
