It's Not About the Money Bob Proctor,2018-10-09 The valuable lesson contained in this book is that the best way to attract prosperity is to abandon the pursuit of wealth and allow it to flow toward oneself The ancient laws of attraction are explained in plain language and applied in an economic framework a new perspective not found in other popular explications of these principles A path to prosperity is offered in tandem with guidance for achieving harmony in both professional and personal spheres while strategies to overcome destructive thinking patterns and to sustain the flow of wealth while channeling it constructively are delineated Profiles of individuals who pursued their passion rather than profit

and subsequently reaped immense rewards will inspire those seeking to transform their lives A speaker author consultant coach and mentor Bob Proctor was already a legendary figure in the world of personal development long before his appearance in the hit film *The Secret* For more than forty years Proctor has been one of the biggest names in prosperity and personal development delivering talks around the world that motivate people to achieve success and prosperity Through his work with the Proctor Gallagher Institute which he cofounded he has transformed countless lives with his message of prosperity

Hansen,2019-09-24 This book challenges the assumption that self interest is the basis of our actions It does so through examining two Platonic characters Thrasymachus in Plato s Republic and Callicles in Plato s Gorgias both of whom attack justice and champion thoroughgoing selfishness The author argues that by following the subtleties of Plato s presentation we see that both characters unwittingly display a kind of devotion to their selfish principles and more broadly a combination of contempt for justice and unselfconscious attachment to it They thereby offer surprising support for the proposition that human beings are not simply self interested Moreover the author argues that the attachment to justice that Thrasymachus and Callicles display is in many respects akin to the attachment to justice that most people feel The book also presents a distinctive approach to reading Platonic dialogues taking questionable arguments offered by Socrates not as indicating his or Plato s views nor as tricks by which Socrates refutes his interlocutors but as revealing beliefs held by those interlocutors Finally the author considers tough guys portrayed by Dostoevsky Gide and Shakespeare and finds that these portrayals suggest similar conclusions regarding self interest and attachment to justice *Herald of Gospel Liberty* Elias Smith,1911 **Public Opinion** ,1895 **The Missionary Review of the World** ,1921
