General Winfield Scott meanwhile the Union's most senior military officer had for a decade depended upon Seward for political advice and now considered himself under orders from Seward not the president Johnson traces how Seward and Scott sabotaged Lincoln's plan From this account from his examination of various personalities such as that of Fort Sumter's commander Major Robert Anderson and from his granular research into aspects of the Order of Battle in Charleston Johnson has here constructed a new narrative of this crucial period culminating in a new theory of how and why the Civil War began as it did and how and why if the new president's orders had been properly carried out by Seward and Scott it might have been averted **Canadian Business** ,1998
