Maths Papergrade November 2013 Eastern Cape:

Promoting effective enforcement of the prohibition against corporal punishment in South African schools

Faranaaz Veriava, 2014-06-13 The prohibition against corporal punishment is an integral part of the broader transformation of South African education The prohibition seeks to replace South Africa's violent and authoritarian past with an ethos respectful of human dignity and bodily integrity

Language in Epistemic Access Caroline Kerfoot, Anne-Marie

Simon-Vandenberg, 2018-07-26 This book focuses on how to address persistent linguistically structured inequalities in education primarily in relation to South African schools but also in conversation with Australian work and with resonances for other multilingual contexts around the world The book as a whole lays bare the tension between the commitment to multilingualism enshrined in the South African Constitution and language in education policy and the realities of the dominance of English and the virtual absence of indigenous African languages in current educational practices It suggests that dynamic plurilingual pedagogies can be allied with the explicit scaffolding of genre based pedagogies to help redress asymmetries in epistemic access and to re imagine policies pedagogies and practices more in tune with the realities of multilingual classrooms The contributions to this book offer complementary insights on routes to improving access to school knowledge especially for learners whose home language or language variety is different to that of teaching and learning at school All subscribe to similar ideologies which include the view that multilingualism should be seen as a resource rather than a problem in education Commentaries on these chapters highlight evidence based high impact educational responses and suggest that translanguaging and genre may well offer opportunities for students to expand their linguistic repertoires and to bridge epistemological differences between community and school This book was originally published as a special issue of Language and Education

Language Contact. Volume 2 Jeroen Darquennes, Joseph C. Salmons, Wim

Vandenbussche, 2025-04-21 Targeting a full range of students and scholars this volume provides a total of 50 chapters illustrating the linguistic dynamics and the dynamics of inter individual and societal language contact as well as the dynamics of multidisciplinary language contact studies Fueled by a wealth of data from a rich variety of contact situations its geographically balanced case studies are governed by the triangulation between a focus on language structure and change a sincere drive of sociopolitical and academic agency and the confrontation with an everyday reality that can be unkind to and ignorant of those two factors The volume clearly demonstrates the social relevance of our trade in a time burdened with ecolinguistic challenges

Perspectives on Educational Governance S. Karin Amos, Felix Masarovic, Anne

Rohstock, Alexander W. Wiseman, 2022 In March 2019 students and researchers from Germany the USA China Kenya and South Africa came together at the University of Tuebingen to discuss Educational Governance from an international perspective The group was mainly comprised of Ph D and Master students from various disciplines Education Literature Philosophy Political Science and debated questions such as What are the distinctive and different rationales underlying the

discourse of Educational Governance and its political economic academic and pedagogic objectives How can we make these rationales visible and which theories and analytic tools can help us to decipher the meanings attached to them Are there different local and national trajectories in education discourse and practice with regard to Educational Governance and which role do international organizations and transnational transfer play This edited volume displays these discussions and aims at initiating a broader communication about Educational Governance between previously separated spaces The Transformative Power of Language Russell H. Kaschula,H. Ekkehard Wolff,2020-09-10 Language has played a pivotal role in societal transformation in postcolonial Africa towards the creation of globally competitive knowledge societies however so far this role has been under researched and under estimated This volume addresses this gap in the literature by bringing together a team of globally recognised scholars to explore the effect of language on African postcolonial societies and how it has contributed to achieving mental decolonisation A range of languages are explored both imported ex colonial and indigenous African and case studies from different spheres of public discourse are investigated from universities to legal settings Demonstrating that multilingualism is a resource for rather than barrier to successful transformation this book brings the intellectualisation and institutionalisation of African languages to the forefront of development discourse and provides an insightful snap shot of how current academic research public discourse political activism and social community engagement have contributed to societal transformation in South Africa *Social Justice and Education in the 21st Century* Willie Pearson Jr.,Vijay Reddy,2021-04-10 The world is not an equal place There are high and low income countries and high and low income households For each group there are differential educational opportunities leading to differential educational outcomes and differential labor market opportunities This pattern often reproduces the privileges and inequalities of groups in a society This book explores this differentiation in education from a social justice lens Comparing the United States and South Africa this book analyzes each country s developmental thinking on education from human capital and human rights approaches in both primary and higher education The enclosed contributions draw from different disciplines including legal studies sociology psychology computer science and public policy **South African national bibliography** ,1999 Classified list with author and title index Who's who in the South and Southwest ,1993
