## **Mathematics for Life and Work: A Comparative Perspective on Mathematics to Inform Upper Secondary Reform in England**

OECD, 2024-11-05 Engagement and performance in mathematics at the upper secondary level have been the concern of successive governments in England. This report was commissioned as part of the country's policy reflections for transforming how maths is viewed and experienced in England. The report explores outcomes such as the share of students studying maths and performance across countries and how education systems internationally deliver mathematics in upper secondary. It also examines factors shaping maths education including the expectations set by curricula, student pathways, cultural perceptions and the needs of the labour market and higher education.

*2029 Economic Crisis and Civil War in South Africa* The Messenger, 2014-07-17 The book analyses the current problems in South Africa. Many people are seeing that unemployment and the plight of the masses will reach the point of no return. The gradual decline of the economy is due to various factors but is exacerbated by corruption and lack of responsibility and accountability. South Africa has reached a 50 year low in
