F. Silva, 2021-09-24 Contemporary philosophical research interconnects classical domains of philosophy the arts literature and social sciences This collection of essays explores the operational role of experimentation dissidence and heterogeneity in this process It offers fundamentals for the criticism of monolithical tendencies often put forward under the banner of the Speculative Turn or New Realism by means of exploring the contribution and influence of authors such as J G Hamann Kierkegaard Nietzsche and Guy Debord These philosophers historically placed within the margins of the philosophical mainstream were decisive in the emergence of the philosophical thought and practices of Deleuze Wittgenstein and Bataille as shown here The reader will also find re-evaluations of the contributions of Vico Spinoza or Kant to posterity next to new readings of authors like Foucault Hadot Benjamin and Adorno with regards to their significant experimental and dissident positions *Shaping Courtliness in Medieval France* Daniel E. O'Sullivan, Laurie Shepard, 2013 The question of what medieval courtliness was both as a literary influence and as a historical reality is debated in this volume The concept of courtliness forms the theme of this collection of essays Focused on works written in the Francophone world between the twelfth and fifteenth centuries they examine courtliness as both an historical privilege and aliterary ideal and as a concept that operated on and was informed by complex social and economic realities Several essays reveal how courtliness is subject to satire or is the subject of exhortation in works intended for noblemen and women not to mention ambitious bourgeois Others more strictly literary in their focus explore the witty thoughtful and innovative responses of writers engaged in the conscious process of elevating the new vernacular culture through the articulation of its complexities and contradictions The volume as a whole uniting philosophical theoretical philological and cultural approaches demonstrates that medieval courtliness is an ideal that fascinates us to this day It is thus a fitting tribute to the scholarship of Matilda Tomaryn Bruckner in its exploration of the profound and wide ranging ideas that define her contribution to the field DANIEL E O SULLIVAN is Associate Professor of French at the
