## **Kokang A Novel Of Southeast Asia:**

Kokang a Novel of Southeast Asia Allen Wittenborn, 2015-01-17 Matt Erickson's life turns upside down when he receives a State Department telegram notifying him that his younger brother is missing and possibly dead in Burma. Matt has been in Hong Kong for a year struggling to make a go of his brokerage business. Now this is the last thing he needs: to take off for the wilds of the lawless Burmese hinterland. But the cable forces him to drop everything and set out in search of Luke. Everything includes not only his work but his dilemma of being torn between a relationship with Vivian Lee, an alluring and seductive Hong Kong gem magnate who promises sex and big money, and his desire to marry Florence Chen, who herself is caught between the opposing forces of her love for Matt and her role as the leader of her clan's global business empire in Kokang. Helped by the fiery Burmese revolutionary Thiri Khalya, Matt is drawn deeper into the vortex of Burma's cut-throat politics. He's out of his element and faces an array of problems, not the least of which is that he's in Burma illegally, not a good idea given its brutal military junta. KOKANG opens up a world of warlords, mercenaries, and ethnic freedom fighters, Chinese mafia, and powerful and commanding women. This is a story from an Asian point of view, Asia from the inside out. But place complements the characters and brings to life the geographical expression of a region that is more than a territorial setting. Southeast Asia becomes a character in itself.

*The Golden Triangle* Ko-lin Chin, 2011-02-23 The Golden Triangle region that joins Burma, Thailand, and Laos is one of the global centers of opiate and methamphetamine production. Opportunistic Chinese businessmen and leaders of various armed groups are largely responsible for the manufacture of these drugs. The region is defined by the apparently conflicting parallel strands of criminality and efforts at state building, a tension embodied by a group of individuals who are simultaneously local political leaders, drug entrepreneurs, and members of heavily armed militias. Ko-lin Chin, a Chinese American criminologist who was born and raised in Burma, conducted five hundred face-to-face interviews with poppy growers, drug dealers, drug users, armed group leaders, law enforcement authorities, and other key informants in Burma, Thailand, and China. The Golden Triangle provides a lively portrait of a region in constant transition, a place where political development is intimately linked to the vagaries of the global market in illicit drugs. Chin explains the nature of opium, growing heroin, and methamphetamine production, drug sales, and drug use. He also shows how government officials who live in these areas view themselves not as drug kingpins but as people who are carrying the responsibility for local economic development on their shoulders.

**Spaces of Exception** Myint Myint Kyu, 2018-02-01 The Union of Myanmar, also known as Burma, is one of the most ethnically diverse countries in the world. One hundred and thirty-five distinct indigenous groups are officially recognized by the government, although this number is believed by many experts to be an underestimate, and the country's first nationwide census since 1941 is not scheduled to be completed until 2014. Throughout its existence as a sovereign state following independence from British colonization in 1948, the country has experienced a complex set of conflicts between the national military and various ethnic groups seeking greater autonomy.

from the Burman dominated central government The military capacity and influence of the ethnic nationalists has declined significantly over the past two decades and many armed ethnic groups have entered into ceasefire agreements with the central government In exchange for laying down their arms against the Burmese military and agreeing to open their areas to Burman led development projects various ethnic factions have been granted at least partial de facto administrative authority over the regions in which they predominate **Historical Dictionary of Burma (Myanmar)** Donald M.

Seekins,2017-03-27 Burma Myanmar is a Southeast Asian country that is emerging from crisis after more than a half century of hard line military rule and cultural diplomatic and economic isolation With the dissolution of its military regime the State Peace and Development Council in 2011 a formally civilian but military dominated constitutional government was inaugurated By 2012 Burma s president retired General Thein Sein had established a working relationship with Daw Aung San Suu Kyi the leader of the country s pro democracy movement since 1988 and after a 2012 by election she and members of her opposition party the National League for Democracy NLD entered the new Union Parliament as legislators However even with the election victory of Daw Suu Kyi and the NLD in the General Election of November 2015 Burma faces daunting challenges it is still one of the poorest countries in Southeast fissured by longstanding ethnic conflicts that have made a nationwide peace agreement elusive and its people s security and the environment are threatened by foreign economic exploitation Religious discord is also widely evident as Buddhist militants instigate violence against the country s religious minorities especially Muslims Today Burma s prospects are the most hopeful they have been for over half a century as the country takes steps along the road to a more open society and economy This edition of the Historical Dictionary of Burma Myanmar encompasses not only current developments but also Burma s over 1 500 years old recorded history and the most important features of its cultures ethnicity religions society and economy This is done through a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture **Historical Abstracts** ,1975 **Golden Dragon And Purple**

**Phoenix: The Chinese And Their Multi-ethnic Descendants In Southeast Asia** Khoon Choy Lee,2013-03-26 News Mixed Blood Chinese CultureKey Features Brings new knowledge about the Chinese immigrants in Southeast AsiaShowcases the differences between Chinese immigrants and their multi ethnic descendantsBrings awareness to the large portion of younger Chinese citizens of Southeast Asia **Asymmetrical Neighbors** Enze Han,2019-08-12 Is the process of state building a unilateral national venture or is it something more collaborative taking place in the interstices between adjoining countries To answer this question Asymmetrical Neighbors takes a comparative look at the state building process along China Myanmar and Thailand s common borderland area It shows that the variations in state building among these neighboring countries are the result of an interactive process that occurs across national boundaries Departing from existing approaches that look at such processes from the angle of singular bounded territorial states the book argues that a more

fruitful method is to examine how state and nation building in one country can influence and be influenced by the same processes across borders. It argues that the success or failure of one country's state building is a process that extends beyond domestic factors such as war preparation, political institutions and geographic and demographic variables. Rather, it shows that we should conceptualize state building as an interactive process heavily influenced by a neighborhood effect. Furthermore, the book moves beyond the academic boundaries that divide arbitrarily China studies and Southeast Asian studies by providing an analysis that ties the state and nation building processes in China with those of Southeast Asia.

**Kalimantan** C. S. Godshalk, 1999-04-15 One hundred and sixty years ago a young Englishman founded a private raj on the coast of Borneo. The world he created eventually took in a territory the size of England; its expansion campaigns paid for in human heads. Here polite Victorian conventions coexisted tenuously with one of the most violent cultures on earth, often with startling results: pockets of tenderness and extreme brutality appearing where least expected. Into this world flowed a small tribe of adventurers, fugitives, criminals and saints, the madly talented and simply mad. And the women followed: wives and would-be wives, spinster nursemaids and heartless schemers, the rigidly virtuous and the virtually desperate. And always the children, innocents too often the victims of an elemental nature both lush and deadly. Kalimantan is the story of this world, these people. But the deeper story resides in the realm of the heart. It is about love in absurd conditions, the tenacity of it as well as our ability to miss it repeatedly and with perverse genius.

**Rise of China and the Chinese Overseas** Leo Suryadinata, 2017-01-26 With the rise of China and massive new migrations, China has adjusted its policy towards the Chinese overseas in Southeast Asia and beyond. This book deals with Beijing's policy, which has been a response to the external events involving the Chinese overseas as well as the internal needs of China. It appears that a rising China considers the Chinese overseas as a source of socio-political and economic capital and would extend its protection to them whenever this is not in conflict with its core national interest. The impacts on and the responses of the relevant countries, especially those in Southeast Asia, are also examined.

*Development Or Domestication?* Don N. McCaskill, Ken Kampe, 1997 This fascinating collection offers a range of grassroots perspectives on development among indigenous peoples of Thailand, Vietnam, Burma, Laos and Cambodia. Twenty-four essays, including a number written by indigenous people themselves, present both theoretical analyses and case studies spanning such topics as tourism, forest conservation, agriculture, prostitution, AIDS and drugs. These are linked to the pivotal and much broader issues of environment, culture, religion and government policy.

**Nanyang** Khoo Kheng Hor, 2016-04-01 After two acclaimed novels, Taikor, nominated for the 2006 International IMPAC Dublin Literary Award, and Mamasan, Malaysian storyteller Khoo Kheng Hor now brings you this epic novel, Nanyang. Today many people around the world have heard of Malaysia and Singapore, but not many really knew that these two nations were once known as Nanyang, literally meaning the Southern Ocean, a name given by the early Chinese migrants who flocked there to escape war, poverty and famine and to seek their fortunes. In this absorbing historical saga, Khoo weaves an engaging tale linking the multiracial

peoples who inhabit the two countries the orang asli i.e the aborigines the people from various parts of Southeast Asia collectively known as the Malays the Chinese migrants and Straits born Peranakan the Indians and of course the Eurasians descendants of intermarriages of the natives and the Europeans such as the early Portuguese who came to colonise the wealthy Malacca Sultanate before being chased out by the Dutch who in turn were outmanoeuvred by the British who thereafter systematically colonised the land that would be known as British Malaya and the Crown Colony of Singapore until they too were driven out by the invading Japanese Here is the fascinating story of their relationships as seen through the lives of four generations as they toiled and struggled for wealth and power fought for their beliefs and freedom and felt their hopes and dreams for their future and those of their offspring as Nanyang became two separate fledgling nations The Pirates of Tarutao Paul Adirex,1994-08-01 **The Rise of China and the Chinese Overseas** Leo Suryadinata,2017-01-25 With the rise of China and massive new migrations China has adjusted its policy towards the Chinese overseas in Southeast Asia and beyond This book deals with Beijing's policy which has been a response to the external events involving the Chinese overseas as well as the internal needs of China It appears that a rising China considers the Chinese overseas as a source of socio political and economic capital and would extend its protection to them whenever this is not in conflict with its core national interest The impacts on and the responses of the relevant countries especially those in Southeast Asia are also examined *Rich and Poor* Staffan Nordstrand,2025-08-29 Behind the Scenes Rich and Poor is the third of a four book fact based suspense novel series which exposes the criminal exploitation of the people behind the facade of many of the tourist paradises in Southeast Asia The books describe how the poor of Myanmar Thailand and Laos do their best to survive often growing opium smuggling weapons and selling their daughters sometimes before they are even born The plight of these people is made more complicated because this criminality is often sanctioned by official organisations in existence to protect them not to take advantage of them Initially Rich and Poor focuses on the plight of a small group of Cambodian beggar children the feisty Samnang and his friends The children become pawns in the plans of their owners to sell children like them into illegal activities of other Southeast Asian countries The book continues telling the story of the poor family from a small village in Laos featured in books 1 and 2 In book 3 the family becomes involved with the beggar children Fong husband of Lu and father of Prim is released from prison and finds himself made responsible for the group He makes a decision which will have serious consequences for him Ignorant of his son's new path Grandfather Songchai Fong's father decides to find him His trip will seek retribution and closure utilising some extreme methods from his past Bee kidnapped in book 2 alongside Prim Songchai's granddaughter now extricated from the sex trade looks to create a new life for herself as nurse and carer This leads her to meeting Samnang and an important relationship begins The characters fates are interwoven in a colourful and harsh narrative that moves towards its resolution as relentlessly as the mighty Mekong River flows forth The series is inspired by real people and based on real life stories The Brigadier's Daughter Paul Callan,2019-01-30 The one woman he
