## **Nationalism Anti Semitism And Fascism In France:**

*Nationalism, Anti-semitism, and Fascism in France* Michel Winock, 1998 In a wide ranging set of essays on political literary and cultural figures this book traces the history of nationalism in France in all its permutations its myths obsessions possibilities and dangers

Antisemitism Without Jews in Germany, France and the U.S. William I. Brustein, Luke Gramith, 2024-09-14 Why does antisemitic messaging strike a chord in certain communities without Jews but fall flat in neighboring communities equally without Jews This book focuses on antipathy towards Jews expressed through successful electoral campaigns where a candidate or political party championed antisemitism in communities located in three different nations where the Jewish population had virtually no history of interaction with the resident majority population of non Jews The cases are the election of antisemitic deputies in the 1893 German Reichstag Elections from eastern Saxony the election of a slate of antisemitic deputies to the French Chamber in 1898 from the southwestern French department of the Gers and the significant proportion of votes for the antisemitic campaign of Gerald B Winrod in the U S Senate Republican Party primary election in 1938 in Kansas Each of these examples illustrates the existence of heightened levels of antisemitism in cases where few if any Jews had engagement with the majority population

The Extreme Right in France, 1789 to the Present Peter Davies, 2002-04-12 The Extreme Right in France 1789 to the Present surveys the history of a fascinating but contentious political and intellectual tradition Since 1789 the far right has been an important factor in French political life and in different eras has taken on a range of guises including traditionalism ultra royalism radical nationalism anti Semitism and fascism This book is structured around the five main phases of extreme right activity and the author explores key questions about each Counter revolution what was the legacy of Joseph de Maistre s writings Anti Third Republic protest how was the new right of the 1880s and 1890s different from the old right of previous decades Inter war fascism how should we characterise the phenomenon of fascisme fran aise Vichy why did P tain and Laval collaborate with the Nazis The Post war far right what is the relationship between Poujadism Alg rie Fran aise and Le Pen s FN

**World Fascism** Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism s heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light

some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal **Time and radical politics in France**

Alexandra Paulin-Booth, 2023-05-09 This book investigates how people have thought about and experienced time and how their ideas about time have shaped their political views and actions Using French thinkers and activists of the radical left and right between the Dreyfus Affair and the First World War as a case study it argues that time provides an important means of exploring how concepts such as nationalism revolution and social change were understood at the turn of the century

Attending to different experiences of time the speed at which it was perceived to move the extent to which the future was near and graspable the ways in which the past was seen to impinge on the present opens up exciting new possibilities for analysing politics ideologies and worldviews *Under the Shadow of Defeat* K. Varley, 2008-09-24 Based on extensive

archival research this book is the first wide ranging analysis of how memories of the Franco Prussian War shaped French political culture and identities Examining war remembrance as an emerging mass phenomenon in Europe it sheds new light on the relationship between memories and the emergence of new concepts of the nation **Encyclopedia of Modern**

**French Thought** Christopher John Murray, 2013-01-11 In this wide ranging guide to twentieth century French thought leading scholars offer an authoritative multi disciplinary analysis of one of the most distinctive and influential traditions in modern thought Unlike any other existing work this important work covers not only philosophy but also all the other major disciplines including literary theory sociology linguistics political thought theology and more **The Journal of Jewish**

**Studies**, 2002 French Literary Fascism David Carroll, 2021-01-12 This is the first book to provide a sustained critical analysis of the literary aesthetic dimension of French fascism the peculiarly French form of what Walter Benjamin called the fascist aestheticizing of politics Focusing first on three important extremist nationalist writers at the turn of the century and then on five of the most visible fascist intellectuals in France in the 1930s David Carroll shows how both traditional and modern concepts of art figure in the elaboration of fascist ideology and in the presentation of fascism as an art of the political Carroll is concerned with the internal relations of fascism and literature how literary fascists conceived of politics as a technique for fashioning a unified people and transforming the disparate elements of society into an organic totalized work of art He explores the logic of such aestheticizing as well as the assumptions about art literature and culture at the basis of both the aesthetics and politics of French literary fascists His book reveals how not only classical humanism but also modern aesthetics that defend the autonomy and integrity of literature became models for xenophobic forms of nationalism and extreme cultural forms of anti-Semitism A cogent analysis of the ideological function of literature and culture in fascism this work helps us see the ramifications of thinking of literature or art as the truth or essence of politics Between France and

the World Rachel Marie Nunez, 2006 Antisemitism Richard S. Levy, Dean Phillip Bell, William Collins Donahue, Kevin
