Chapter 5

What Changes and What Doesn't?

Learning Objectives

On completion of this chapter you should be able to:

- Explain several different ways of categorizing different types of change.
- Identify practical implications of different types of change for the change manager.
- Understand the distinction between sustaining and disruptive innovation, and explain the practical implications of this distinction for change management.
- Assess the significance of organizational culture with regard to organizational performance and reputation, and the role of leaders as culture architects.
- Assess the potential impact of new digital technologies in general, and the potential organizational benefits of applications of social media in particular.

Chapter Summary

This chapter begins by introducing a range of concepts used to describe the nature of change, specifically (i) emergent change and planned change, (ii) incremental change and transformational change, and (iii) first-order, second-order and third-order change. Some implications flowing from these concepts and links to images of managing change are shown in the following table.

Implication for Change Manager	Image of Managing Change

Manager's Guide to Navigating Change Stephen Rock, 2012-11-09 Lead your team through today s rapid changes The only guarantee in business is change All managers need to understand that they will either be buffeted by change or help shape it Knowing how to do that is the real test of leadership in today s organizational environments Manager s Guide to Navigating Change provides methods for managing risks and ensuring the organization continues to move forward through turbulence created by both internal and external events Learn how to Define what the future looks like and communicate your vision to your staff Make large scale change sustainable by aligning your efforts and resources Align organizational and employee values missions and goals Leverage your resources to facilitate stakeholder buy in Enact your plan and measure results as you go Briefcase Books written specifically for today s busy manager feature eye catching icons checklists and sidebars to guide managers step by step through everyday workplace situations Look for these innovative design features to help you navigate through each page Key Terms Clear definitions of key terms and concepts Smart Managing Tactics and strategies for managing change Tricks of the Trade Tips for executing the tactics in the book Mistake Proofing Practical advice for minimizing the possibility of error Caution Warning signs for when things are about to go wrong For Example Examples of successful change management tactics Tools Specific planning procedures tactics and hands on techniques

54 Approaches to Managing Change at Work Michael Wash, 2011-11-15 This book is a great resource to help any individual or organization to be successful in an ever changing world It is filled with practical information and steps that are useful for planning for change at the organizational level and can also be used as a self help manual for individuals This book provides step by step instruction in dealing with change not only at work but in any situation using the brick wall analogy Individuals must first identify and confront change in order to conquer it From this basic realization that we control our own inner and outer walls the book outlines steps to overcome the barriers and opportunities that we as individuals can actually control Each of the 54 approaches is looked at

from both the mindset of someone seeking to implement change and someone resistant to it a brick wall Actions steps are highlighted for each of the two postures making this a very effective resource to be referred to again and again The approaches are demonstrated using humor along with clear and effective advice specific to ones emotional personal and behavioral makeup Change confronts us every hour of every day whether awake or in our dreams Everyone can benefit greatly from the more than 50 specific actions and situations within There are also many useful personal development tips assessments and questionnaires

Managing Change Susan Carol Curzon,1989 Aims to show librarians how to manage change by applying innovative management principles to the unique needs of libraries It is a guide to breaking down change into a logical sequence of events and then managing it to the most beneficial outcome

The Change Management Pocket Guide - Second Edition ,2013-05-01 *Making Sense of Change Management* Esther Cameron,Mike Green,2004 Written for academics and professionals alike this book is an attempt to make change easier It is aimed at anyone who wants to understand why change happens how it happens and what needs to be done to make change a welcome rather than a dreaded concept

54 Approaches to Managing Change at Work Mike Wash,2009-06 This book is a great resource to help any individual or organization to be successful in an ever changing world It is filled with practical information and steps that are useful for planning for change at the organizational level and can also be used as a self help manual for individuals This book provides step by step instruction in dealing with change not only at work but in any situation using the brick wall analogy Individuals must first identify and confront change in order to conquer it From this basic realization that we control our own inner and outer walls the book outlines steps to overcome the barriers and opportunities that we as individuals can actually control Each of the 54 approaches is looked at from both the mindset of someone seeking to implement change and someone resistant to it a brick wall Actions steps are highlighted for each of the two postures making this a very effective resource to be referred to again and again The approaches are demonstrated using humor along with clear and effective advice specific to ones emotional personal and behavioral makeup Change confronts us every hour of every day whether awake or in our dreams Everyone can benefit greatly from the more than 50 specific actions and situations within There are also many useful personal development tips assessments and questionnaires

How to Fail at Change Management James Marion,John Lewis,2020-03-25 This book presents notable examples of attempts by experienced managers to implement bad ideas that lead to failed change so that change managers are better equipped to avoid common pitfalls in managing change Change management efforts often fail Business case studies are littered with examples of failed change management efforts Why this is so is a mystery given the many change management models in existence highly paid executives equipped with degrees from top tier schools and the millions of dollars spent in pursuit of change Successful change management need not be a mystery but perhaps change management success is best learned from failed attempts at change that seemed reasonable at the time according to theory but proved to be bad ideas in retrospect This book presents notable examples of

attempts by experienced managers to implement bad ideas that lead to failed change so that change managers are better equipped to avoid common pitfalls in managing change

How to Fail at Change Management James Marion, John Lewis, 2020-03-25 This book presents notable examples of attempts by experienced managers to implement bad ideas that lead to failed change so that change managers are better equipped to avoid common pitfalls in managing change Change management efforts often fail Business case studies are littered with examples of failed change management efforts Why this is so is a mystery given the many change management models in existence highly paid executives equipped with degrees from top tier schools and the millions of dollars spent in pursuit of change Successful change management need not be a mystery but perhaps change management success is best learned from failed attempts at change that seemed reasonable at the time according to theory but proved to be bad ideas in retrospect This book presents notable examples of attempts by experienced managers to implement bad ideas that lead to failed change so that change managers are better equipped to avoid common pitfalls in managing change

Systems Approaches to Managing Change: A Practical Guide Martin Reynolds, Sue Holwell, 2010-03-10 In a world of increasing complexity instant information availability and constant flux systems approaches provide the opportunity of a tangible anchor of purpose and iterate learning The five approaches outlined in the book offer a range of interchangeable tools with rigorous frameworks of application tried and tested in the real world The frameworks of each approach form a powerful toolkit to explore the dynamics of how societies emerge how organisations create viability how to facilitate chains of argument through causal mapping how to embrace a multiplicity of perspectives identifying purposeful activity and how to look for the bigger picture across multiple disciplines Systems Approaches offers an excellent first introduction for those seeking to understand what systems thinking is all about as well as why the tools discussed herein should be applied to management and professional practice This book provides a practical guide and the chapters stand alone in explaining and developing each approach

Manual For Managing Organizational Change, Without MBA Claudio Pardo Molina, 2020-07-20 This manual builds on a millennial heritage to apply strategy that has come down to us from ancient Asia Because the recommendations provided by its author Sun Tzu do not lose validity despite being more than 2 500 years old It is known that it inspired many historical figures such as Napoleon or Machiavelli and even in the strategies of the Vietnam revolutionaries But all these applications were in the context of the war Instead the adaptation I made focuses on change management for managers Because this treatise provides wisdom common sense recommendations Because in my own experience of studying commercial engineering and even obtaining a MBA I felt many times that I did not have the wisdom to apply an organizational change I will give a concrete example of the adaptations that I will make in the next chapters The art of war says The best victory is to win without fighting my adaptation to the theme of this manual being the following The best organizational change is that it is achieved without demands disassociations or a worsening of the organizational climate Because when I speak of wisdom I am actually speaking of common sense

Instructors Manual with Video Guide James V. Dupree, Stephen Robbins, David DeCenzo, 2000-06 **Managing Change in Schools** John Bryson, 2000

Managing Change in Schools is your practical guide to effectively handling the processes needed to manage change in your school. It identifies different strategies for managing change including consultation, negotiation, project development, and in-house training. It enables you to identify the needs of your school and the individuals in it, manage the change and development process, identify the role of the leader and others in managing and facilitating the change process, develop a vision for your school, analyse the key methods for promoting effective change, monitor, review, and evaluate change. All the advice contained in this manual is supplemented by a collection of photocopiable resources including templates, examples, checklists, and practical exercises enabling you to distinguish the components of change that will inform a change plan, create and implement a plan for change, measure the extent to which the change plan has been successful, be assertive, caring, and proactive as you introduce the chosen and imposed change. Written by John Bryson, an education consultant specialising in the management of change, *Managing Change in Schools* enables all head teachers, deputy head teachers, middle managers, and governors to implement a cost-effective means of handling the change process. Contents include: SECTION 1 INTRODUCTION: The language of change, Workshop materials; SECTION 2 IDENTIFYING AND INITIATING CHANGE: Managing change, The environment of change, Defining the change, Workshop materials; SECTION 3 KEY METHODS: Estimating and scheduling, Budgeting and resource allocation, Quality assurance, Developing communication skills, Maintaining the initiative, Managing change teams, Conflict resolution, Stress reduction and management, Managing time, Coping strategies, The manager as a consultant, Workshop materials; SECTION 4 FIRST AID KIT: Taking control of imposed change, Diagnosis, Treatment, Aftercare, Effective planning, Creating and inclusive team culture, Workshop materials.

Managing Change in Organizations Steve Garfein, Marvin Nelson, 2013

Organizations today must become more innovative and agile to succeed. By nature, innovation and agility result in constant ongoing organizational change, and managing that change well is part of realizing business results. *Managing Change in Organizations: A Practice Guide* from the Project Management Institute further informs the standard practice of portfolio, program, and project management. In this paper, the authors focus on projects and programs as the mechanism for implementing change and resources to help organizations successfully manage and sustain that change. The paper examines the essential elements of organizational program management (OPM), the impact of change on the OPM environment, and the change life cycle framework.

Enjoying the Track of Term: An Psychological Symphony within **Managing Change Manual**

In a global consumed by displays and the ceaseless chatter of instantaneous interaction, the melodic beauty and emotional symphony produced by the written term frequently fade in to the backdrop, eclipsed by the persistent noise and distractions that permeate our lives. Nevertheless, set within the pages of **Managing Change Manual** a marvelous fictional value overflowing with fresh thoughts, lies an immersive symphony waiting to be embraced. Crafted by an outstanding musician of language, that interesting masterpiece conducts viewers on a psychological trip, well unraveling the hidden songs and profound influence resonating within each carefully crafted phrase. Within the depths with this moving evaluation, we can explore the book is key harmonies, analyze their enthralling publishing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
