## **Mandala Poetry Template:**

**Mendeleev's Mandala** Jessica Goodfellow, 2015 Poetry MENDELEEV S MANDALA begins in pilgrimage and ends in pilgrimage but nowhere in between does it find a home Logic is the lodestar as these poems struggle to make sense out of chaos Jessica Goodfellow reimagines stories from the Old Testament Greek mythology and family history by invoking muses as diverse as Wittgenstein Newton the Wright Brothers and an ancient Japanese monk In the title poem Mendeleev s periodic table sparked by fire and by trains sees the elements of the world come into focus as a geometric pattern that recalls the ancient mandalas also blueprints of an expanding universe as a whole Throughout this book Goodfellow uses and misuses mathematics cosmology biology and etymology to push the boundaries of poetic form in a manner that mimics how time and tragedy push the human form to its limits An examination of the history of clocks reveals that the human body is the ultimate clock Aging physical deterioration and the disintegration of relationships are experienced as a ratio of what can and what can t be seen the slow calamity of vision loss both literal and metaphorical Yet despite the gravity of their themes these poems are often heartbreakingly funny Vacillating wildly between the consultation of gurus monks and fortunes tellers and the chasing of reason as redemption in the face of impermanence this book is equal parts wander and wonder Welcome to the pilgrimage This book is a library whittled down to a message in a bottle Here is a poet who has boldly refused to abide to the expectations of genre but instead pushes language and form as a means of asking the most urgent questions The result is a courageous and kaleidoscopic at times tender and vulnerable exploration of motherhood and family set against the backdrops of science history religion myths and mathematics When a poet embarks on a book as myriad and borderless as this one we are gifted the rare chance to stand at the threshold of a formidable human storm And from here it is clear that Goodfellow s MENDELEEV S MANDALA is an electric book But its lines are not limited to lightning They move more like thunder startling resonant and suddenly everywhere in the mind at once Ocean Vuong Jessica Goodfellow has a joyous intelligence and electric tongue Reading this book a first time my only regret was that I couldn t read it a second first time But then I read it a first second time and a first third You see what I m doing I m reading this book over and over without ever completely taking it in I think you will too And like me want only one thing from Jessica Goodfellow more Bob Hicok From the origin of the number zero to immigration to map making these poems leap dynamically between ideas and a blazing exploration of language Folding and unfolding with searing brilliance these poems reveal our human condition with a down to earth sense of humor and wonder This must read collection nourishes mind and body and opens up whole new ways of seeing the world around us
