Journeys Pacing Guide Tennessee:

A Journey to Freedom Steven W. Moore, 2010-06-30 Born on the Defour plantation in Natchez Mississippi before the Civil War Koweena's early life is fraught with uncertainty She doesn't look like the other slave girls Her skin isn't as dark her hair is brown instead of black and she is treated differently by other slaves Yet her mother refuses to answer her questions The day Koweena meets Julie the daughter of the plantation owner her life changes forever Koweena is allowed to play in the big house and she realizes that there is far more to life than living in a pitiful shack and wearing rags for clothes The urge to find freedom blots out everything else during the next several years as she looks for ways to find a new life especially when she sees the continued depravity at the Defour plantation Koweena's salvation comes from an unexpected source Julie herself wants to help her find freedom and the two begin to plan for Koweena's trip on the Underground Railroad It's a journey fraught with danger but Koweena knows she has no choice She must take this step if she is ever to find the happiness she longs for But then Koweena learns the shattering truth of her parentage one that will make her question not only her past but her future as well

In doing so the model aims to elevate the work of designing competencies from merely developing a list of expectations to in depth analysis and design with the goal of developing competencies that can be readily used for assessment and career pathway development Each step in the CDPM is treated as a chapter and each chapter identifies the central question that must be answered provides an overview of the tasks in the step and illustrates the steps in action through the two case examples Each chapter concludes with Your Turn guiding questions for the reader to apply the step to their own context
