Herman, 2015-07-07 A revised and updated edition of the groundbreaking work that changed the way we think about and treat traumatic events and trauma victims A stunning achievement a classic for our generation Bessel van der Kolk M D author of *The Body Keeps the Score* When Trauma and Recovery was first published in 1992 it was hailed as a groundbreaking work In the intervening years it has become the basic text for understanding trauma survivors By placing individual experience in a broader political frame Judith Herman argues that psychological trauma can be understood only in a social context Drawing on her own research on incest as well as on a vast literature on combat veterans and victims of political terror she shows surprising parallels between private horrors like child abuse and public horrors like war A new epilogue reviews what has changed and what has not changed over two decades Trauma and Recovery is essential reading for anyone who seeks to understand how we heal and are healed

Truth and Repair Judith Lewis Herman, 2023-03-14 From one of America's most influential psychiatrists an extraordinary and profound New York Times manifesto for reimagining justice for survivors of sexual trauma The MeToo movement brought worldwide attention to sexual violence but while the media focused on the fates of a few notorious predators who were put on trial we heard far less about the outcomes of those trials for the survivors of their abuse The conventional retributive process fails to serve most survivors it was never designed for them Renowned trauma expert Judith L. Herman argues that the first step toward a better form of justice is simply to ask survivors what would make things as right as possible for them In Truth and Repair she commits the radical act of listening to survivors Recounting their stories she offers an alternative vision of justice as healing for survivors and their communities Deeply researched and compassionately told Truth and Repair envisions a new path to justice for all

Group Trauma Treatment in Early Recovery Judith Lewis Herman, Diya Kallivayalil, and Members of the Victims of Violence Program, 2018-09-28 Infused with clinical wisdom this book describes a supportive group treatment approach for survivors just beginning to come to terms with the impact of interpersonal trauma Focusing on establishing safety stability and self care the Trauma Information Group TIG is a Stage 1

approach within Judith Herman's influential stage model of treatment. In a large size format for easy photocopying, the volume provides everything needed to implement the TIG, including session-by-session guidelines and extensive reproducible handouts and worksheets. Trauma and Recovery Judith Lewis Herman M.D., 2015-11-13 This is a Persian translation of the world-renowned book *Trauma and Recovery*. When *Trauma and Recovery* was first published in 1992, it was hailed as a groundbreaking work. In the intervening years, Herman's volume has changed the way we think about and treat traumatic events and trauma victims. In a new afterword, Herman chronicles the incredible response the book has elicited and explains how the issues surrounding the topic have shifted within the clinical community and the culture at large. *Trauma and Recovery* brings a new level of understanding to a set of problems usually considered individually. Herman draws on her own cutting-edge research in domestic violence as well as on the vast literature of combat veterans and victims of political terror to show the parallels between private terrors such as rape and public traumas such as terrorism. The book puts individual experience in a broader political frame, arguing that psychological trauma can be understood only in a social context. Meticulously documented and frequently using the victims' own words as well as those from classic literary works and prison diaries, *Trauma and Recovery* is a powerful work that will continue to profoundly impact our thinking.

Apocalyptic Theopolitics Elizabeth Phillips, 2022-10-21 In this volume Elizabeth Phillips brings together scholarly essays on eschatology ethics and politics as well as a selection of sermons preached in the chapels of the University of Cambridge arising from that scholarly work. These essays and sermons explore themes ranging from ethnography to Anabaptism and Christian Zionism to Afro-pessimism. Drawing on a wide range of authors from Flannery O'Connor and Herbert McCabe to James Cone and M. Shawn Copeland this collection provides insight into the fields of Christian ethics and political theology as well as ethnography and homiletics. Phillips challenges theologians to interdisciplinarity in their work and to keep historical and traditional sources in conversation with contemporary sources from critical and liberative perspectives. She challenges Christians to engage in apocalyptic practices which name and resist the false pretenses of the political status quo. And she challenges preachers to call their congregations to moral and political faithfulness opening up possibilities beyond both the squeamish evasion of politics in some preaching traditions and the didactic political partisanship of others.
