

Julius Caesar Study Guide

Julius Caesar is one of the plays Shakespeare wrote in an extraordinary burst of creativity in and around 1599.

Much Ado About Nothing, *Henry V*, *As You Like It* and an early draft of *Hamlet* are believed to have also been completed around this time. A performance of *Julius Caesar* is described by Swiss tourist Thomas Platter in his diary in September of 1599. It may have been the play that opened the new Globe Theatre, although *Henry V* and *As You Like It* also vie for that title.

The posthumous First Folio (1623) version is considered the original and only official publication of this text. *Julius Caesar* appears towards the end of the Folio, in the “tragedies” section. On the contents page it is listed as “The Life and Death of Julius Caesar”. *Julius Caesar* is one of four plays that use ancient Rome as their backdrop. The others are *Titus Andronicus* (written in the early 1590s), *Antony and Cleopatra* (written around 1606) and *Coriolanus* (written around 1607). Together, the four Roman plays cover a swathe of ancient Roman history, from the early republic (*Coriolanus*) to the fall of the republic (*Julius Caesar*) to the rise of the empire (*Antony and Cleopatra*) to the late empire (*Titus Andronicus*). *Titus* is the only one of the four that is entirely fictional and not based on recorded historical events. As always with historically based works Shakespeare melds fact, fiction, and legend in *Julius Caesar* to produce a challenging, ambivalent drama that reflects some of the issues of Shakespeare’s own political climate.

Before writing *Julius Caesar*, Shakespeare had written almost all of his history plays and at least seven comedies. This was just his third tragedy, after *Titus Andronicus* and *Romeo and Juliet*. It should be noted, however, that Shakespeare’s plays usually defy classification. Just as the comedies can delve into the darkness of the human experience, *Julius Caesar* explores
