## **Jumbo The Unauthorised Biography Of A Victorian Sensation:**

**Jumbo** John Sutherland, 2014-05-06 Born in French Sudan imported to Paris as a two year old calf then later sold to the London Zoo at Regent s Park Jumbo the elephant delighted countless children including Winston Churchill and Theodore Roosevelt with rides and treats gently taken from outstretched hands Each night after the children and their families had gone home he was mistreated in an attempt to keep him docile By the time he reached sexual maturity the abused and isolated animal had become dangerously unstable He was sold to showman P T Barnum in 1881 despite letters from 100 000 British schoolchildren who wrote to Queen Victoria begging her to prevent the sale and brought to America There in the company of other elephants and amid greater physical freedom Jumbo stabilized and went on to become one of the most lucrative circus acts of all time as well as the most beloved The world mourned when his life ended in 1885 with a storied and most likely embellished act of animal heroism Jumbo reportedly rushed in front of an oncoming train in an effort to save a smaller elephant his companion Tom Thumb then perished while reaching his trunk out toward his longtime handler Matthew Scott whose intense connection with the pachyderm spawned legends of its own Integrating the history of elephants in captivity along with the details of Jumbo s celebrity life dramatic death and lasting cultural legacy John Sutherland has written the first comprehensive biography of this incredible animal one whose name has given us one of our most common and hyperbolic adjectives

**Jumbo: The Unauthorised Biography of a Victorian Sensation (Large Print 16pt)** John Sutherland, Lord Northcliffe Professor of Modern English Literature John Sutherland, 2014-12-24 Using the heartwrenching story of Jumbo s celebrity life tragic death in Canada in 1885 and his enduring cultural legacy John Sutherland writes the first comprehensive biography of the animal who gave us one of our favourite words

**The MacKenzie Moment and Imperial History** Stephanie Barczewski, Martin Farr, 2019-11-11 This book celebrates the career of the eminent historian of the British Empire John M MacKenzie who pioneered the examination of the impact of the Empire on metropolitan culture It is structured around three areas the cultural impact of empire Four Nations history and global and transnational perspectives These essays demonstrate MacKenzie s influence but also interrogate his legacy for the study of imperial history not only for Britain and the nations of Britain but also in comparative and transnational context Written by seventeen historians from around the world its subjects range from Jumbomania in Victorian Britain to popular imperial fiction the East India Company the ironic imperial revivalism of the 1960s Scotland and Ireland and the empire to transnational Chartism and Belgian colonialism The essays are framed by three evaluations of what will be known as the MacKenzie moment in the study of imperialism

*The Routledge Companion to Animal-Human History* Hilda Kean, Philip Howell, 2018-09-03 The Routledge Companion to Animal Human History provides an up to date guide for the historian working within the growing field of animal human history Giving a sense of the diversity and interdisciplinary nature of the field cutting edge contributions explore the practices of and challenges posed by historical studies of animals and animal human relationships

Divided into three parts the Companion takes both a theoretical and practical approach to a field that is emerging as a prominent area of study. *Animals and the Practice of History* considers established practices of history such as political history, public history, and cultural memory, and how animal-human history can contribute to them. *Problems and Paradigms* identifies key historiographical issues to the field with contributors considering the challenges posed by topics such as agency, literature, art, and emotional attachment. The final section, *Themes and Provocations*, looks at larger themes within the history of animal-human relationships in more depth, with contributions covering topics that include breeding, war, hunting, and eating. As it is increasingly recognised that nonhuman actors have contributed to the making of history, *The Routledge Companion to Animal-Human History* provides a timely and important contribution to the scholarship on animal-human history and surrounding debates.

*The Drinking Curriculum* Elizabeth Marshall, 2024-01-02 A lively exploration into America's preoccupation with childhood innocence and its corruption. In *The Drinking Curriculum*, Elizabeth Marshall brings the taboo topic of alcohol and childhood into the limelight. Marshall coins the term the drinking curriculum to describe how a paradoxical set of cultural lessons about childhood are fueled by adult anxieties and preoccupations. By analyzing popular and widely accessible texts in visual culture, temperance tracts, cartoons, film, advertisements, and public service announcements, Marshall demonstrates how youth are targets of mixed messages about intoxication. Those messages range from the overtly violent to the humorous, the moralistic to the profane. Offering a critical and at times irreverent analysis of dominant protectionist paradigms that sanctify childhood as implicitly innocent, *The Drinking Curriculum* centers the graphic narratives our culture uses to teach about alcohol, the roots of these pictorial tales in the nineteenth century, and the discursive hangover we nurse into the twenty-first.

**Lost Connections** Johann Hari, 2018-01-23 The New York Times bestseller from the author of *Chasing the Scream*, offering a radical new way of thinking about depression and anxiety. What really causes depression and anxiety, and how can we really solve them? Award-winning journalist Johann Hari suffered from depression since he was a child and started taking antidepressants when he was a teenager. He was told that his problems were caused by a chemical imbalance in his brain. As an adult trained in the social sciences, he began to investigate whether this was true, and he learned that almost everything we have been told about depression and anxiety is wrong. Across the world, Hari found social scientists who were uncovering evidence that depression and anxiety are not caused by a chemical imbalance in our brains. In fact, they are largely caused by key problems with the way we live today. Hari's journey took him from a mind-blowing series of experiments in Baltimore to an Amish community in Indiana to an uprising in Berlin. Once he had uncovered nine real causes of depression and anxiety, they led him to scientists who are discovering seven very different solutions, ones that work. It is an epic journey that will change how we think about one of the biggest crises in our culture today. His TED talk, *Everything You Think You Know About Addiction Is Wrong*, has been viewed more than eight million times and revolutionized the global debate. This book will do the same.
